## INVESTMENT OVERVIEW

This section sets out key information regarding investing in the Fund which is an Australian registered managed investment scheme. You should read this PDS in its entirety and seek advice from a licensed or authorised financial advisor before making an investment decision.

Fund features		Section
<b>Responsible Entity</b>	<p>Man Investments Australia is the Responsible Entity for the Fund.</p> <p>Man Investments Australia is a member of the Man Group and provides Australian and New Zealand investors with strategic investments to diversify traditional investments in stock, property and bond markets.</p> <p>As the Responsible Entity, Man Investments Australia is obligated to act honestly and in the best interests of Unitholders. Its duties and obligations as the Responsible Entity are established and defined by the Constitution, the Corporations Act and Regulations.</p>	06
<b>Commencement date</b>	<p>The Fund commenced trading on 13 August 2013.</p>	
<b>Investment strategy</b>	<p>The Fund accesses a diversified portfolio consisting of a range of investment strategies managed by the Investment Manager (the “Portfolio”). Many of these strategies are “alternative investment strategies”, meaning that these strategies do not necessarily rely on the appreciation in value of traditional assets such as stocks, property and bonds to generate a return.</p> <p>At any time, the Portfolio is expected to comprise between 6-15 investment strategies managed by the Investment Manager. The Investment Manager has the discretion, subject to the diversification guideline below, to determine the investment strategies used within the Portfolio, the allocation of the Fund’s assets to such strategies and/or the addition or removal of any investment strategies to or from the Portfolio. Accordingly, the composition of the Portfolio will change over time depending on the Investment Manager’s view of market conditions and the most appropriate blend of available strategies.</p> <p>The composition of the Portfolio as at 31 July 2019 is described further in Section 2.</p> <p>To effect its investment strategy, as described above, the Fund invests all of its assets in Man Multi-Strategy Alternative INW H AUD Acc Shares of Man Umbrella SICAV - Man Multi Strategy Alternative (the “Underlying Fund”), an international public limited company incorporated in Luxembourg on 13 December 1995. The Fund invests in shares of the Underlying Fund that are denominated in AUD.</p> <p>For every \$1.00 invested in the Fund, the Fund will target an investment exposure of between \$0.95 and \$1.15 to the Underlying Fund.</p> <p>The Underlying Fund, in turn, accesses the Portfolio by primarily investing in the Underlying Vehicles and, to a lesser extent, in direct investments such as equities, bonds and derivatives. As at the date of this PDS, each of the Underlying Vehicles is an undertaking for collective investment in transferable securities (“UCITS”) in accordance with the relevant EU regulations, and is denominated in USD. The markets accessed within the Portfolio are global.</p> <p>No more than 20% of the Fund’s net assets will be invested (via the Underlying Fund) in any one Underlying Vehicle.</p>	02

Fund features	Section	
<p>On a “look-through basis” (taking into account the activities of the Underlying Fund and the Underlying Vehicles), the Fund may utilise leverage and derivatives, and engage in short selling. The Underlying Fund may also obtain exposure to one or more investment strategies by directly investing in one or more total return swaps or contracts for difference. For further details, see “Leverage”, “Derivatives”, “Swaps” and “Short Selling” in Section 3.</p> <p>The Fund aims to generate medium to long-term investment returns. The Fund will produce investment returns if the combined performance of the investment strategies within the Portfolio, net of all fees and other expenses, is positive. If this does not occur, Unitholders will suffer a loss.</p> <p>The Fund’s ability to produce investment returns is, therefore, generally dependent on the Investment Manager’s skill in constructing and managing the Portfolio, and the performance of the investment strategies comprising the Portfolio.</p> <p>For specific key risks associated with the Fund’s investment strategy see page 11 and Section 3.</p> <p>Risk management is an essential component of the Fund’s investment management process taking into account the activities of the Underlying Fund and Underlying Vehicles. Several layers of risk management apply in relation to the Fund, including an independent team within the Investment Manager assessing (on an initial and on-going basis) each investment strategy within the Portfolio and applying both quantitative and qualitative measures. See “Risk management” in Section 2 for further details.</p> <p>It is not expected that the Fund’s investment strategy, as described above, will change. However, from time to time, the investment strategies used within the Portfolio will change. Unitholders will be notified of any such changes through the Fund’s monthly reports published on <a href="http://www.man.com">www.man.com</a>.</p>		
<b>Investment Manager</b>	<p>The Investment Manager for the Underlying Fund is Man Solutions Limited, an entity which is directly wholly owned by Man Group. The Investment Manager is authorised and regulated by the Financial Conduct Authority (FCA) in the conduct of its regulated activities within the United Kingdom. The primary roles of the Investment Manager are to:</p> <ul style="list-style-type: none"> <li>• determine the investment strategies used within the Portfolio and the allocation of the Underlying Fund’s assets to such strategies;</li> <li>• invest the Underlying Fund’s assets in the Portfolio, primarily through the Underlying Vehicles;</li> <li>• manage the investments within the Portfolio;</li> <li>• monitor the Portfolio, including the addition or removal of any investment strategies to or from the Portfolio from time to time; and</li> <li>• provide commentary on monthly Unitholder reports on the performance of the Fund.</li> </ul> <p>For details on key individuals within the Investment Manager, see Section 6.</p>	06

Fund features	Section
<p><b>Investment structure</b></p> <p>Monies invested in the Fund will be invested in AUD denominated shares of the Underlying Fund. The Underlying Fund, in turn, invests in the Underlying Vehicles and direct investments in order to access the Portfolio. As at the date of this PDS, each of the Underlying Vehicles is an undertaking for collective investment in transferable securities (UCITS) in accordance with the relevant EU regulations, registered in Ireland or Luxembourg and denominated in USD. A diagram showing the flow of investment money through the structure is set out on page 14.</p> <p>There are risks with the Fund holding assets overseas. For example, the Fund is subject to the risk that laws may change in any jurisdiction in which the Fund operates. For further information, see the “Key risks” in Section 3, including “Regulatory and foreign investment risk”, “Emerging markets risks”, “Segregation risk” and “Foreign currency exposure risk”.</p>	02
<p><b>Key service providers</b></p> <p>The key service providers to the Fund are:</p> <ul style="list-style-type: none"> <li>• Ernst and Young as auditor of the Fund;</li> <li>• National Australia Bank Limited, as the Custodian and Administrator of the Fund and has delegated the provision of unit registry services to OneVue Fund Services Pty Ltd; and</li> <li>• Man Solutions Limited as the Investment Manager for the Underlying Fund.</li> </ul> <p>In addition, Citibank Europe plc, Luxembourg Branch, was appointed as the valuation service provider to the Underlying Fund.</p> <p>The scope of the services provided by these service providers are set out in Section 6. The Responsible Entity will receive reports at least every three months regarding controls, procedures, processes and performance in relation to these key service providers (except for the auditor of the Fund), which allows the Responsible Entity to monitor the performance of their duties.</p> <p>The service providers to the Underlying Fund and the Underlying Vehicles are monitored by the Man Group. In particular, staff within the relevant middle office teams are responsible for continuously monitoring and regularly assessing the performance of service providers, applying both quantitative and qualitative assessment measures.</p> <p>Selection of service providers to the Fund involves the application of due diligence procedures, including to assess creditworthiness, reputation and experience of the relevant service provider.</p>	06
<p><b>Related parties</b></p> <p>Some of the companies named in this PDS are members of the Man Group. These Man Group companies include Man Solutions Limited and Man Investments Australia.</p> <p>Refer to Sections 3 and 11 for further disclosure in relation to possible conflicts of interest.</p>	03, 11
<p><b>Fees and costs</b></p> <p>Refer to the table in Section 5 which sets out the fees and costs in relation to the Fund.</p>	05

Fund features		Section
<p><b>Valuation and custody of assets</b></p>	<p><b>Valuation</b></p> <p>For every \$1.00 invested in the Fund, the Fund will invest approximately \$1.00 in the Underlying Fund. The Underlying Fund, in turn, will invest substantially all of its assets in the Underlying Vehicles and (to a lesser extent) direct investments, although it may retain a small cash balance.</p> <p>The Unit Price will be calculated daily and published on <a href="http://www.man.com">www.man.com</a>.</p> <p>The key aspects of the valuation policy applicable to the Fund include the following:</p> <ul style="list-style-type: none"> <li>• At all times, valuations must comply with the applicable provisions of the International Financial Reporting Standards, Australian Accounting Standards and the Corporations Act;</li> <li>• The NAV at any time is equal to the value of all of the Fund's assets less the value of all of the Fund's liabilities, at that time;</li> <li>• The value of any investment in corporate entities listed on a recognised exchange (such as the Underlying Fund) and for which market quotations are available on such exchange will be the last reported trade prices on such recognised exchange at the relevant time;</li> <li>• The value of any investment in non-listed corporate entities (such as the Underlying Vehicles) will be the last independently valued price published; and</li> <li>• The value of any cash on hand or on deposit will generally be the full amount of such cash or deposit.</li> </ul> <p><b>Custody</b></p> <p>The Fund's Custodian is National Australia Bank. The Custodian's role includes the following:</p> <ul style="list-style-type: none"> <li>• Taking custody of all assets of the Fund and documents evidencing title to those assets, and holding them on behalf of the Responsible Entity;</li> <li>• Performing standard custodial functions such as establishing client bank accounts, administering the Fund's cash flow and performing various reconciliation procedures; and</li> <li>• Complying with periodic reporting to the Responsible Entity.</li> </ul> <p>The Custodian of the Underlying Fund is Citibank Europe plc, Luxembourg Branch.</p>	
<p><b>Leverage</b></p>	<p>On a look-through basis, the Fund may use leverage. Specifically, the Underlying Fund may borrow up to 10% of its net assets from time to time from any counterparty selected by the Investment Manager. However, as at the date of this PDS, the Underlying Fund does not have any outstanding borrowings.</p> <p>The Underlying Fund can only borrow in the manner described above for short-term operational purposes, and not to leverage its investment in the Portfolio. The assets of the Underlying Fund may be used as collateral to support this borrowing.</p>	<p>03</p>

In addition to the above, for every \$1.00 invested in the Fund, the Fund will target an investment exposure of between \$0.95 and \$1.15 to the Underlying Fund. In effect, this represents an embedded leverage of up to a further 15%.

Accordingly, for every \$1.00 invested in the Fund, the Fund may be leveraged by an additional \$0.27, although the Responsible Entity anticipates the actual level of leverage at any time to be significantly lower and generally between \$0.00 and \$0.10.

In addition, leverage may be used within the Portfolio, to enable the Investment Manager to pursue its investment strategy. To the extent that the Underlying Vehicles used to access the Portfolio are undertakings for collective investment in transferable securities (UCITS), any such leverage will be used in accordance with the relevant EU regulations which limit the use of leverage within UCITS.

For further details, see “Leverage risk” in Section 3 for a worked example of the impact of leverage.

## Derivatives

The Fund will not use derivatives. However, the Underlying Fund may use derivatives (such as call options, put options, spot/forward contracts and financial futures) for efficient Portfolio management and, in particular, for the purpose of hedging the Underlying Fund's foreign currency exposures to the Underlying Vehicles or direct investments. Security may be granted over the assets of the Underlying Fund to support the Underlying Fund's obligations under such derivatives.

In addition, derivatives may be used within the Portfolio, allowing the Investment Manager to pursue its investment strategy. These derivatives may include swaps, futures, options and other derivative instruments such as credit derivatives.

Derivative counterparties are recommended by the Man Group, based on the services the counterparty can provide, the commercial terms of such services and the creditworthiness of the counterparty. Derivatives may be traded over-the-counter or on-exchange, at the discretion of the Investment Manager.

The Fund is ultimately subject to counterparty risk arising out of the use of derivatives described above. For example, the insolvency of a derivative counterparty could result in losses to the Fund. This counterparty risk may be concentrated. The Investment Manager, or another member of the Man Group, will seek to minimise the Fund's counterparty risk by selecting counterparties that, using its procedures, it considers appropriate for the transactions to be undertaken.

To the extent that such derivative counterparties have collateral requirements, any collateral referable to the Fund may be pooled with the collateral of other customers of the derivative counterparties and (in some instances) the assets of the derivative counterparty and may be exposed to loss (for example, upon the insolvency of a derivative counterparty).

Fund features	Section
	<p>Without limitation, the Underlying Fund may also obtain exposure to one or more investment strategies by directly investing in one or more total return swaps. The net effect of a total return swap will be to provide one party with the economic performance of the underlying investments in exchange for this party paying a fixed and / or floating rate to the counterparty. A total return swap may be used to gain exposure to positions in a more efficient manner than via direct investment. Total return swaps counterparties will be selected from financial institutions subject to prudential supervision (such as credit institutions or investment firms) and specialised in the relevant type of transaction. The counterparties will have no discretion over the composition or management of the Portfolio or the underlying assets of the total return swaps.</p> <p>The Underlying Fund may also employ other investment techniques such as securities lending or repurchase or reverse repurchase transactions.</p>
<b>Short selling</b>	<p>The Fund will not engage in short selling. However, short selling may be used within the Portfolio, allowing the Investment Manager to pursue its investment strategy.</p> <p>In general, short selling can allow a profit to be made in the event of a decline in value of the securities being shorted. However, short selling involves a number of risks. If the securities increase (instead of decrease) in value, a loss will be suffered. Short selling incurs securities borrowing and transaction costs. In some markets, there are rules regulating the short selling of securities that may affect the Investment Manager's ability to execute a short sale transaction in the most optimal manner.</p> <p>The Investment Manager manages these risks through the application of various risk management procedures, which are described on page 16.</p>
<b>Key risks</b>	<p>You should carefully consider all of the key risks set out in Section 3. 03</p> <p>There are risks associated with an investment in the Fund that may lead to you losing some or all of the money you invest. There is no guarantee that you will receive any return and the Units offered by this PDS are speculative for the following reasons:</p> <ul style="list-style-type: none"> <li>• the value of Units may increase or decrease depending primarily on the performance of the Portfolio;</li> <li>• an investment in Units is subject to high volatility. Accordingly, the value of Units may fluctuate significantly within short periods of time;</li> <li>• the withdrawal of Units including the payment of proceeds may be suspended and, if this occurs, you may not be able to access your money when you require it;</li> <li>• on a look-through basis, the Fund may utilise leverage and derivatives, and engage in short selling, each of which creates certain risks and may magnify losses (see above and pages 9 and 10 for further details);</li> <li>• investments referable to the Fund will be subject to counterparty risk; for example, if a counterparty to a contract fails to perform its contractual obligations, then the Fund may suffer a loss that will reduce the value of Units. The Fund may have an increased risk to one or more counterparties due to the regular use of derivatives within the Portfolio; and</li> </ul>

Fund features	Section
	<ul style="list-style-type: none"> <li>the value of Units will depend on the performance of the Investment Manager and the Portfolio.</li> </ul> <p>An investment in Units should only be made by investors who are able to sustain a loss.</p>
<b>Applications</b>	<p>Units in the Fund may be purchased as set out in Section 7 of this PDS at the Unit Price, calculated daily. 07</p> <p>You can only apply for Units on an Application Form contained in Appendix A.</p> <p>The minimum initial investment amount is \$5,000.</p> <p>The minimum additional application amount is \$1,000.</p> <p>Units may be issued daily on each Business Day.</p> <p>See “How to invest” in Section 7 for further details.</p>
<b>Withdrawals</b>	<p>The Units are not listed and therefore cannot be bought or sold on any exchange. However, Units can be withdrawn daily at the Unit Price subject to the terms and conditions in Section 9. See “Suspension of withdrawals” in Section 3 and “Compulsory withdrawal of Units” in Section 11 for conditions that may affect Unitholders’ ability to withdraw Units and how Unitholders will be notified in such circumstances. 09</p> <p>The minimum withdrawal amount must be equivalent to \$1,000.</p> <p>You must retain a minimum holding equivalent to \$5,000 in Units, unless the minimum holding falls below this amount as a result of fluctuations in the Unit Price.</p> <p>The Unit Price can vary significantly within a short period of time and you will not know in advance of giving notice the price at which the Units referred to in that notice will be withdrawn by the Fund.</p>
<b>Liquidity</b>	<p>The Fund expects to be able to liquidate its investments in the Underlying Fund in order to satisfy withdrawal requests on a daily basis and will seek to maintain this in the future. The Fund is not reliant on subscriptions for Units in order to satisfy withdrawal requests. See “Key risks” in Section 3 for further information.</p>
<b>Unit Price</b>	<p>The Unit Price is calculated as the Net Asset Value divided by the total number of Units as at the relevant Valuation Day. 10</p>
<b>Access to funds</b>	<p>Generally within 12 Business Days provided your withdrawal request is received by the deadline set out in Section 9 of this PDS. 09</p>
<b>Distributions and reinvestment option</b>	<p>Annually as at 30 June (if a distribution is payable). 08</p> <p>Distributions, when payable, will be automatically reinvested unless Unitholders elect to have them paid in cash.</p>
<b>Taxation</b>	<p>A summary of the tax implications of an investment in the Fund for Australian resident taxpayers is contained in Section 12 of this PDS. 12</p> <p>You should however seek independent tax advice.</p>

## INVESTMENT INFORMATION

### Introducing the Fund

The Fund is an Australian registered managed investment scheme. The investment objective of the Fund is to generate medium to long term investment returns by accessing a diversified portfolio using a range of alternative investment strategies managed by the Man Group (the “Portfolio”).

To effect its investment strategy, the Fund will invest all of its assets in AUD denominated shares of the Underlying Fund, an international public limited company that is incorporated in Luxembourg. For every \$1.00 invested in the Fund, the Fund will target an investment exposure of between \$0.95 and \$1.15 to the Underlying Fund.

The Underlying Fund, in turn, invests in the Underlying Vehicles and direct investments in order to access the Portfolio. As at the date of this PDS, each of the

Underlying Vehicles is an undertaking for collective investment in transferable securities (UCITS) in accordance with the relevant EU regulations, and is denominated in USD. The markets accessed with the Portfolio are global.

Whilst an investment in Units is designed to generate medium to long term investment returns, the Fund may also experience periods of volatility, with investors experiencing sharp increases or decreases in the Unit Price.

The Units are only suitable for investors with a medium to long term investment horizon, generally meaning an investment horizon of 5 years or more, who can sustain such volatility.

Further information regarding the Units including performance information, may be found on [www.man.com](http://www.man.com).

## The Fund allocations

Refer to Section 4 for further details

**Note** This diagram does not take into account the fees and costs associated with an investment in the Fund. For further details see Section 5.

\* A small cash balance may be retained at the Underlying Fund level, in which case the amounts invested in the Underlying Vehicles and the Portfolio will be commensurately reduced.

+ For every \$1.00 invested in the Fund, the Fund will target an investment exposure of between \$0.95 and \$1.15 to the Underlying Fund.

**The Portfolio**

At any time, the Portfolio is expected to comprise between 6-15 investment strategies managed by the Man Group. Many of these strategies will be “alternative investment strategies”, meaning they do not necessarily rely on the appreciation in value of traditional assets such as stocks, property and bonds to generate a return.

The Investment Manager selects (a) investment strategies for inclusion within the Portfolio, and (b) the allocation of the Fund’s investment exposure to each

investment strategy, based on a number of factors. These include the Investment Manager’s view on the expected performance of the investment strategy, particular market or sector opportunities identified by the Investment Manager and the risk management procedures applied by the Investment Manager as described on page 16.

The chart below shows the investment strategies within the Portfolio, and the expected allocation of the Fund’s investment exposure to each investment strategy.

## Investment strategies and exposures

As at 31 July 2019

Source: Man Solutions Limited

Note: The allocations shown are as at 31 July 2019. The composition of the Portfolio will change over time depending on the Investment Manager’s view of market conditions and the most appropriate blend of available strategies.

### Changes to the Portfolio

The Investment Manager has the discretion, subject to the diversification guideline below, to determine the investment strategies used within the Portfolio, the allocation of the Fund's assets to such strategies (including between Underlying Vehicles and direct investments) and/or the addition or removal of any investment strategies to or from the Portfolio. Accordingly, the composition of the Portfolio will change over time depending on the Investment Manager's view of market conditions and the most appropriate blend of available strategies.

Unitholders will be notified of any changes to the Portfolio in the monthly reports published on [www.man.com](http://www.man.com).

### Diversification guideline

The following diversification guideline is applicable to the Fund: No more than 20% of the Fund's net assets will be invested (via the Underlying Fund) in any one Underlying Vehicle.

### Risk management

Several layers of risk management apply in relation to the Fund. Firstly, an independent team within the Investment Manager is responsible for assessing (on an initial and on-going basis) each investment strategy within the Portfolio, applying both quantitative and qualitative measures. Some of these measures include:

- Market sentiment and risk indicators;
- Scenario and correlation analysis between each investment strategy within the Portfolio; and
- Liquidity analysis.

Secondly, certain risk management guidelines apply in relation to the composition of the Portfolio.

In particular, the Investment Manager:

- (a) is not permitted to invest more than 20% of the Fund's net assets (via the Underlying Fund) in any one Underlying Vehicle; and
- (b) targets moderate volatility of 5% per annum.

Lastly, risk management is incorporated into each individual investment strategy within the Portfolio, meaning that risk limits are defined and continually monitored with respect to each strategy.

### Key dependencies

The Underlying Fund has a key dependency on the Investment Manager.

## KEY RISKS

Investment in the Fund is subject to certain risks. The following summary of key risks is not exhaustive of all risks and new risks may emerge over time.

You should regard the Units offered by this PDS as speculative, as their value may decrease as well as increase depending on the performance of the Investment Manager. You should carefully consider and understand each of the risks set out in this section, as well as the other information in this PDS, in assessing the suitability of including the Fund as part of your investment portfolio and seek advice from a licensed or authorised financial advisor.

You must decide the amount to invest in the Units taking into consideration the risks described in this section and the terms and conditions described in this PDS. You should be mindful that the risks involved in this type of investment are greater than those normally associated with other types of investment, for the reasons described below. The investments which the Fund makes can be subject to sudden, unexpected and substantial price movements. Consequently, the trading of such investments can lead to substantial losses as well as gains within a short period of time. Accordingly, an investment should only be made by those persons who can sustain a loss in their investment.

### Risks associated with the investment

#### Performance

An investment in the Fund should be considered as a medium to long term investment. There can be no assurance that the Fund's aim to generate medium to long term returns will be achieved, and this aim is subject to a number of risks including the following:

- The risk that the Investment Manager makes one or more decisions in relation to the composition of the Portfolio from time to time or the investment strategies used within the Portfolio that do not generate the targeted returns. Market conditions may affect the level and volatility of investment prices and the liquidity of investments. Volatility or illiquidity could impair the Fund's profitability or result in losses.
- The risk that market conditions may not be favourable to one or more of the investment strategies used within the Portfolio. For example, a drawdown in global equity markets may result in losses to any global equity strategies used within the Portfolio. In this example, the Portfolio and, by extension, the Fund may suffer a loss.

No assurance can be given that the Investment Manager will be able to obtain appropriate investment opportunities to accommodate future significant increases in each Underlying Vehicle's assets or through direct investments due to future subscriptions. Performance fees may create an incentive for the Investment Manager to make investments which are riskier than would be the case in the absence of a fee based on performance.

#### Volatility risk

The Fund may make investments in markets, within the Portfolio, that are volatile. The value of an investment in the Fund may fluctuate more so than for other, less volatile, investments. Consequently, the trading of such investments can lead to substantial losses as well as gains in the NAV (and therefore the Unit Price) within a short period of time. For example, if the Unit Price is \$1.00 on 1 October, then falls to \$0.90 by 1 November before rising to \$1.15 by 1 December, an investor buying Units on 1 October and selling them on 1 November would realise a loss and not participate in the subsequent \$0.25 increase in the Unit Price between 1 November and 1 December.

The Units are only suitable for investors with a medium to long term investment horizon, generally meaning an investment horizon of 5 years or more, who can sustain such volatility.

#### Leverage risk

On a look-through basis, the Fund may use leverage. Specifically, the Underlying Fund may borrow up to 10% of its net assets from time to time from any counterparty selected by the Investment Manager. However, as at the date of this PDS the Underlying Fund does not have any outstanding borrowings.

In addition to the above, for every \$1.00 invested in the Fund, the Fund will target an investment exposure of between \$0.95 and \$1.15 to the Underlying Fund. In effect, this represents an embedded leverage of up to a further 15%.

Accordingly, for every \$1.00 invested in the Fund, the Fund may be leveraged by an additional \$0.27, although the Responsible entity expects the actual level of leverage at any time to be significantly lower and generally between \$0.00 and \$0.10.

In addition, leverage may be used within the Portfolio, allowing the Investment Manager to pursue its investment strategy. To the extent that the Underlying Vehicles used to access the Portfolio are undertakings for collective investment in transferable securities (UCITS), any such leverage will be used in accordance with the relevant EU regulations.

Leverage, such as that described above, may result in the risk of substantial losses as well as the possibility of gains to Unitholders. Any event that adversely affects the value of an investment would be magnified to the extent that leverage is used, and this would affect the performance of the Fund and the value of the Units. For example, if an investment is leveraged from \$1.00 to \$1.27, a loss of 78% only (on the \$1.27) would be sufficient to reduce the value of the \$1.00 investment to zero. Specific risks include increased interest rates, the need to liquidate positions in the event of loan default and the risk of such default causing cross default under other Portfolio arrangements.

#### Derivatives risk

The Fund will not use derivatives. However, the Underlying Fund may use derivatives (including, but not limited to, call options, put options, spot/forward contracts and financial futures), for efficient Portfolio management and, in particular, for the purpose of hedging the Fund's foreign currency exposures to the Underlying Vehicles or direct investments. Security may be granted over the assets of the Underlying Fund to support the Underlying Fund's obligations under such derivatives.

In addition, derivatives may be used within the Portfolio, allowing the Investment Manager to pursue its investment strategy. These derivatives may include swaps, futures, options, credit derivatives and other types of derivatives (including those that are yet to be developed).

Derivatives are financial contracts that offer access to the performance of an underlying asset. The price movements of a derivative generally follow the price movements of the underlying asset; however derivatives usually require deposits of only a percentage of the underlying contract value.

As a result, this creates leverage to the investment and investments using leverage are subject to a number of risks (see page 17 under "Leverage risk").

In addition, the use of derivatives may involve risks that the derivative position does not perform as expected or that the position becomes costly or difficult to reverse and margin calls are made to the detriment of the Fund. Using derivatives could result in the need for trading which could be disadvantageous and could result in substantial losses. Counterparty risk may also arise in relation to derivatives trading (see below under "Counterparty risk") together with liquidity risk. The legal, regulatory and tax environment for derivatives is evolving, and changes in the regulation or taxation of derivatives may have a material adverse effect on the Fund.

Despite the risks above, the Constitution of the Fund provides that the liability of Unitholders is limited to their investment in the Fund. However, Unitholders should note that the courts have not finally determined the extent of liability of Unitholders in unit trusts.

The Investment Manager is not required to hedge any particular risk in connection with a particular transaction or the Portfolio generally. While the Investment Manager may use hedging transactions to seek to reduce risk, such transactions may result in a poorer overall performance for the Fund than if it had not used any such hedging transaction.

Specific types of derivatives and associated risks are addressed below:

#### Futures

The value of a futures contract depends upon the price of the financial instruments, such as equity securities, underlying the futures contract. The prices of futures are highly volatile, and price movements of futures contracts can be influenced by, among other things, interest rates, changing supply and demand relationships, government programs and policies and political and economic events. Futures are also subject to the risk of exchange and clearing houses failures.

Futures positions may be illiquid because certain exchanges limit fluctuations in certain futures contract prices during a single day. This could prevent the Underlying Fund from promptly liquidating unfavourable positions or prevent it from entering into desired trades.

Also, the price of stock index futures contracts may not correlate perfectly with the movement in the underlying stock index because of certain market distortions.

#### Options

The Underlying Vehicles may incur risks associated with the sale and purchase of put or call options. Depending on the type of option and whether it is covered (i.e. the seller holds the underlying securities) or uncovered, risks can include loss of premium, declining market prices, foregoing the opportunity for gain on the underlying security and unavailability or increased prices of underlying securities that need to be purchased.

### Swaps

Swap transactions, which provide access to a particular return without the need to purchase the underlying reference asset, may be used for trading, investment and hedging purposes. The use of total return swaps is a highly specialised activity. Swap parties agree to make a one-time payment or periodic payments to the other party. Where payments are required “up-front” the entire principal amount of the swap is subject to the risk of default by the other party.

Swap transactions that are not fully funded (or paid for “up-front”) typically involve the payment of collateral, which will be exposed to the creditworthiness of the counterparty.

Various types of swap agreements are principal-to-principal transactions which do not involve exchanges or clearinghouses. As such, the Portfolio is exposed to the risk of counterparty default, credit risk and margin calculations. Regulation of certain other types of over-the-counter (i.e. non-exchange traded) derivatives is now subject to mandated exchange, clearinghouse and margin procedures. As a result, further risks may emerge such as higher costs and lower returns. In the event of a bankruptcy or insolvency of a counterparty, the Underlying Fund could experience delays in liquidating the position and significant losses, including the inability to realise any gains on its investments, and fees and expenses incurred in enforcing its rights. There is also a possibility that the above agreements and derivative techniques are terminated due, for instance, to bankruptcy, supervening illegality or change in the tax or accounting laws relative to those at the time the agreement was originated.

### Debt securities

The Investment Manager may invest in a broad range of corporate and government debt securities and instruments, and may take short positions in these securities.

Debt securities are subject to the issuer’s capacity to pay interest and repay principal in accordance with the terms of the obligations (i.e. credit risk) and are subject to price volatility resulting from, among other things, interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (i.e. market risk). An economic recession could severely disrupt the market for most of these securities and may have an adverse impact on the value of such instruments and the ability of the issuers to repay principal and pay interest.

The Underlying Fund may generally invest in both investment grade debt securities and non-investment grade debt securities (commonly referred to as junk bonds), as well as unrated securities. Non-investment grade debt securities in the lowest rating categories and unrated debt securities may involve a substantial risk of default or may be in default. Rating of a debt security is not a guarantee or representation that the issuer will not default on its obligations.

The global financial crisis demonstrated that even securities backed by very large pools of assets may be subject to volatility where markets may be subject to volatility levels which are higher than might ordinarily be expected.

### Counterparty risk

The investments made by the Fund will be subject to significant credit and operational risk exposure to its counterparties; for example, if a counterparty to a contract with the Fund, the Underlying Fund or the Underlying Vehicles fails to perform its contractual obligations, then the Fund may suffer a loss that will reduce the Unit Price.

Counterparties are used in the execution of the Fund’s investment strategy (for example, prime brokers and counterparties to derivative transactions) and the Fund may be subject to counterparty risk arising out of this. For example, the insolvency of a counterparty could result in losses to the Fund. This counterparty risk may be concentrated and unsecured. The Fund may have an increased counterparty risk due to the regular use of derivatives within the Portfolio. Exercising any contractual rights of recovery against a counterparty may involve delays or costs which could result in further loss to the Fund.

To the extent that counterparties have collateral requirements, any collateral referable to the Fund may be pooled with the collateral of other customers of the derivative counterparties and may be exposed to loss (for example, upon the insolvency of a derivative counterparty).

The Investment Manager will seek to minimise the Fund’s counterparty risk by selecting counterparties that, using its procedures, it considers appropriate for the transactions to be undertaken.

Credit risk may also arise through a default by one of several large institutions that are dependent on one another to meet their liquidity or operational needs, so that a default by one institution causes a series of defaults by the other institutions. This is sometimes referred to as a “systemic risk”.

### Emerging markets risks

To the extent that the Fund has exposure to emerging markets, the Fund will be exposed to certain additional risks not customarily associated with investing in developed markets. These include the following:

- Emerging markets may have less developed legal, regulatory and/or political systems;
- Emerging markets are subject to a greater degree of “country risk”; that is, the risk of adverse changes in the business, legal or investment environment in a particular country (for example, governmental control over the economy, nationalisation, expropriation of assets, confiscatory or withholding taxation and controls on investment, repatriation and currency exchange);
- Investing in emerging markets may be subject to extreme short term price fluctuations, including greater volatility in currency exchange rates, and a greater risk of inflation;
- Trading in emerging markets may be subject to a higher degree of counterparty risk, due to the presence of fewer counterparties;
- Information on potential investments in emerging markets can be limited, for example there may be differences in auditing and financial reporting standards;
- Legislation and judicial process may be less sophisticated and may be subject to inconsistent or arbitrary interpretation; and
- Liquidity in emerging markets investments may be limited, especially during periods of market stress. There may be longer settlement periods for transactions and less reliable clearance and custody arrangements.

Any or all of the above may affect the Fund’s ability to make, sell or protect its investments in the manner contemplated by the Investment Manager and may cause losses that adversely affect investors of the Fund.

### Foreign currency exposure risk

The Fund’s trading using the Portfolio will involve trading in currencies other than Australian dollars. Trading in non-Australian dollar assets involves an exposure to currency fluctuations that may adversely affect the performance of the Fund and the Unit Price. As a consequence, the Investment Manager will seek, but cannot guarantee, a reduction of this exposure by either converting profits and losses into Australian dollars or hedging that exposure, using a discretionary process on a regular basis, or by holding excess cash in Australian dollars. However, such currency hedging may not completely remove the risks associated with having a foreign currency exposure.

Fluctuations in exchange rates could cause the value of Portfolio investments to increase or decrease. The Underlying Vehicles may have exposure to foreign exchange and interest rate risks. The Investment Manager may seek to manage exposure to foreign exchange and/or interest rate risks through hedging transactions. To the extent these hedging transactions are imperfect or are only placed over a portion of the target investment exposure, the Fund will realise the resulting benefit or loss.

The Fund invests in shares of the Underlying Fund that are denominated in AUD. To the extent unhedged, the value of an Underlying Vehicle’s direct or indirect investments in currency other than AUD will fluctuate with the applicable exchange rates as well as with the price changes of the underlying investments.

### Interest rate risk

Changes in official interest rates may affect, directly or indirectly, investment values or returns of the Fund and its underlying investments.

### Short selling risk

The short selling of a security, derivative or currency exposure may, but need not necessarily, involve a greater risk of investment than buying that same security, derivative or currency exposure. Short selling is designed to benefit the Portfolio when markets are falling but may adversely impact the Portfolio if markets rise.

### Operational risk

The Underlying Fund depends on the Investment Manager and other service providers to develop appropriate systems and procedures to control operational risk. These systems and procedures may not account for every actual or potential disruption in operations. The Investment Manager’s business is dynamic and complex. As a result, certain operational risks are intrinsic to the Investment Manager’s operations, especially given the volume, diversity and complexity of transactions that the Investment Manager is expected to undertake daily on behalf of its clients. Any breach in security of the Investment Manager’s systems (including a cyber-attack) or other catastrophe event (including terrorist attack or natural disaster) could have a material adverse effect on the Investment Manager (and therefore the Fund). Disruptions in the Investment Manager’s operations may cause the Underlying Fund to suffer, among other things, financial loss, the disruption of its businesses, liability to third parties, regulatory intervention or reputational damage.

Other risks particular to the Fund include the risk that it or the Underlying Fund could be wound up, the Underlying Fund could cease issuing or compulsorily redeem shares, the fees and expenses may change, Man Investments Australia could be replaced as the responsible entity of the Fund or Man Solutions Limited could be replaced as the investment manager of the Underlying Fund.

There is also a risk that investing in the Fund may produce different results when compared to investing directly in the Underlying Fund because of income or capital accrued in the Fund and the consequences of investment and withdrawal by other investors. If any of these events occur, the Fund may not be able to meet its investment objectives and may be wound up.

#### Trading systems risk

The Fund and the Underlying Fund depend on the Investment Manager and its other service providers to develop and implement appropriate systems for the trading activities of the Underlying Fund. These providers rely extensively on existing and evolving computer programs and systems for various purposes including, without limitation, the trading, clearance and settlement of transactions. These systems may be subject to certain limitations, including those caused by computer “worms”, viruses and power failures. Systems failure could have a material adverse effect on the Unit Price. For example, systems failures could cause settlement of trades to fail or cause inaccurate reports, which may affect the monitoring of the Portfolio and relevant risks systems operated by third parties (for example by prime brokers) may be outside the control of the Investment Manager.

#### Market risk

The Fund is subject to unforeseen events that may occur in investment markets. These may be caused by one or a number of factors such as economic conditions, political events, environmental issues or changes in technology. If any of these events occur, the Fund may not be able to meet its investment objectives or may make an investment decision that does not generate the targeted returns.

#### Segregation risk

The Underlying Fund is a share class of Man Umbrella SICAV – Man Multi-Strategy (the “Man Multi-Strategy Sub-Fund”). Under Luxembourg law, each sub-fund of the Man Umbrella SICAV must maintain segregated assets. In relation to the interests of other shareholders of Man Umbrella SICAV, the Man Multi-Strategy Sub-Fund will be deemed to be a separate portfolio from the other sub-funds of the Man Umbrella SICAV. The assets of the Man Multi-Strategy Sub-Fund may only be used to meet the debts, liabilities and obligations attributable to the Man Multi-Strategy Sub-Fund, and not to those attributable to any other sub-fund of the Man Umbrella SICAV. Accordingly, the assets and liabilities of the Man Multi-Strategy Sub-Fund are segregated from the assets and liabilities of all the other sub-funds of the Man Umbrella SICAV. However, other jurisdictions may not recognise this legal segregation of assets. The Fund may incur losses in these circumstances.

#### Regulatory and foreign investment risk

As the Fund invests in international investments, it is subject to the risk that laws, regulations and the approach of regulators and exchanges may adversely change in any jurisdiction (including the European Union as a result of Brexit) where the Fund is directly or indirectly invested or operates. Additionally, differences in accounting, legal, securities trading and settlement procedures can also impact the value of the Fund’s investments.

There is also a risk that taxation or other applicable laws may change in Australia that may adversely affect the operation of the Fund.

#### Conflicts of interest

There is a risk that related party transactions of the Fund (as described in Section 11 under “Related party transactions”) may cause a conflict of interest to arise for the directors of the Responsible Entity as they may also be directors of other entities within the Man Group or of any other entities which provide services to the Responsible Entity, which may receive various fees and commissions in relation to the Fund.

The Investment Manager may allocate part or all of the Portfolio to investment strategies whose investment manager is under common management and control with the Investment Manager. Should any Underlying Vehicles fail for any reason (including, but not limited to, failures relating to fraud, operations, valuations or the custody of assets) the Unit Price of the Fund may reduce accordingly.

## Risks associated with the Units

### Suspension of withdrawals

If the Responsible Entity believes it is in the best interest of all Unitholders, it may suspend withdrawals from the Fund and the payment of withdrawal proceeds from the Fund.

In particular the Responsible Entity reserves the right to suspend withdrawals during periods where the Fund's investment in the Underlying Fund may not be easily valued or sold, including in circumstances where the Underlying Fund limits or suspends redemptions from it. In addition, if withdrawal requests (the "Requests") are received that cause the total number of withdrawal requests received over any consecutive 5 Business Day period to exceed 10% of the value of the Fund, the Responsible Entity has the right to delay the processing of all of the Requests for up to 5 Business Days. Any movements in the relevant Unit Price during this period will affect (either positively or negatively) the amount of withdrawal proceeds paid in respect of the Requests.

The Responsible Entity may also change the timing of a Valuation Day.

The circumstances when the Responsible Entity may suspend withdrawals or the suspension of the payment of withdrawal proceeds from the Fund are set out in Section 11.

The Investment Manager will monitor the liquidity of the Portfolio; however, underlying issuers may restrict, delay or suspend the realisation or redemption of underlying assets and public exchanges may suspend trading of listed investments. The Underlying Vehicles may be forced to implement similar measures in order to protect the best interests of their shareholders. This may cause a delay in the processing of redemptions.

### Return on investment

Your returns on the Units (by way of payment of distributions and withdrawal proceeds) will be determined by reference to any cumulative net gains or losses (if any) arising from the investment activities of the Fund. The NAV (and therefore the Unit Price) may vary significantly over time, and may decrease as well as increase, depending upon trading profits and investment gains and losses. How the Unit Price is determined is set out in Section 10 under "Unit Prices". The Responsible Entity makes no representation as to any return that you may earn on the Units and there is no assurance that information on the Investment Manager set out in this PDS will be, in any respect, indicative of how they will perform in future.

Substantial redemptions from an Underlying Vehicle or substantial realisation of direct investments can require a more rapid liquidation of investments than originally expected. This might have a negative impact on performance of the Underlying Fund.

There is no guarantee that you will receive any return on an investment in the Fund or will not lose some or all of the money you invest.

### Withdrawal notice and proceeds

If you apply to the Administrator to withdraw Units in accordance with the instructions in Section 9 of this PDS, you should note that withdrawal documents are required to be received by the Administrator by 12pm AEST on any Business Day in order to access the Unit Price applicable to that Business Day. You will not know in advance of giving notice the price at which the Units referred to in that notice will be withdrawn by the Fund. In the period between Valuation Days, the Unit Price may change substantially due to market movements and therefore may vary significantly from any preceding Valuation Day.

You are not entitled to withdraw a withdrawal notice, except during a period of suspension by the Responsible Entity of the withdrawal of Units.

The NAV (and therefore the Unit Price) can vary significantly within a short period of time. The Unit Price for the purpose of a withdrawal is not guaranteed and may be less than the Unit Price published at the time the notice to withdraw is given. If you are withdrawing your Units you may not realise the amount originally invested.

### Subscription price

As Unitholders will be issued fully paid Units, they will not be called upon at any time to provide additional funds.

You will need to submit a completed original Application Form, copies of identification documentation certified in original ink and application moneys no later than 12pm AEST on any Business Day in order to access the Unit Price applicable to that Business Day. You will not know in advance of submitting the Application Form the Unit Price for the Units for which you are applying and the number of Units that will be issued. The Unit Price may change substantially due to market movements, and therefore the Unit Price that will be payable by you on any Business Day may vary significantly from the Unit Price on any preceding Business Day. You are not entitled to withdraw an Application Form unless the Responsible Entity otherwise agrees.

#### Use of estimates for subscriptions and redemptions

The valuation of the Underlying Fund may be based in part on estimates which may subsequently prove to be inaccurate or valuations which contain significant discretionary factors. Where the Unit Price is based on the underlying estimates which later provide to be inaccurate, the Unit Price will generally not be revised (except in the case of intentionally false or clearly erroneous calculations). Depending on whether the estimate was above or below the revised valuation, reliance on estimates can have a positive or negative impact on the Unit Price.

#### Automatic Exchange of Tax Information

The **Foreign Account Tax Compliance Act** (“**FATCA**”) was enacted by the United States (“**US**”) Congress in March 2010 as part of its efforts to improve compliance with US tax laws.

FATCA requires the disclosure of certain information about the financial assets held by US taxpayers or by foreign entities in which US taxpayers hold a substantial ownership interest to the US Internal Revenue Service (“**IRS**”).

On 28 April 2014, Australia and the US signed an intergovernmental agreement to implement FATCA (the “**FATCA Agreement**”). A key objective of the FATCA Agreement is to facilitate Australia’s compliance with FATCA to reduce its overall burden on the Australian financial industry and the broader community.

On 16 September 2015, the Competent Authorities of Australia and the US signed a Competent Authority Arrangement to help implement the provisions of FATCA.

Under the FATCA Agreement, Australian Financial Institutions (“**AFIs**”) do not report information directly to the IRS. Instead, they report to the Australian Taxation Office (“**ATO**”) and the information is made available to the IRS, in compliance with Australian privacy laws, under existing rules and safeguards in the Australia-US Convention for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to taxes on income (the “**Convention**”).

In order for the Fund to comply with the FATCA Agreement it needs to register with the US IRS and agree to identify and report certain information to the ATO about its Unitholders, their ultimate beneficial owners and/or controllers and their investment in and returns from the Fund. In order to comply it is necessary each of the Fund’s Unitholders to provide all information and documentation that the Fund determines necessary to meet its obligations.

Further to FATCA Agreement on the 1 July 2017 the **Common Reporting Standard** (“**CRS**”) was also introduced in Australia. CRS is a standard developed by the Organisation for Economic Co-operation and Development (“**OECD**”) for the automatic exchange of information. Under CRS entities that are classified as financial institutions are obliged by domestic law to report certain information in respect of their Individual Unitholders who are non-domestic tax residents or Entity Unitholders that are controlled by one or more natural persons who are non-domestic tax residents to the ATO which in turn will transmit that information to the relevant tax authorities unless a relevant exemption applies. The information that must be reported annually in regards to reportable persons includes name, address, tax identification number, date and place of birth, and their investment in and returns from the Fund such as interest, dividend or other income.

By subscribing for Units, each Unitholder agrees to provide the Fund or its delegate, upon request, all information and documentation necessary to comply with the obligations arising from the FATCA Agreement (imposed on AFIs through the operation of Subdivision 396-A of Schedule 1 to the TAA 1953.), CRS (imposed on AFIs through the operation of Subdivision 396-C of Schedule 1 to the Taxation Administration Act 1953(TAA 1953)) or similar reporting regimes and any related legislation and/or regulations.

Unitholders should consult their own professional tax advisors regarding the potential implication of these tax reporting regimes on their investments in Units.

## HOW THE FUND INVESTS

Monies invested in the Fund will be invested in AUD denominated shares of the Underlying Fund.

For every \$1.00 invested in the Fund, the Fund will target an investment exposure of between \$0.95 and \$1.15 to the Underlying Fund. The Underlying Fund has three directors, two whom are independent of the Man Group and the other who is an employee of the Man Group. The Fund holds voting shares in the Underlying Fund. The valuation of the Underlying Fund is currently conducted by Citibank Europe plc, Luxembourg Branch.

The Underlying Fund, in turn, accesses the Portfolio by primarily investing in the Underlying Vehicles and, to a lesser extent, in direct investments such as equities, bonds and derivatives. As at the date of this PDS, each of the Underlying Vehicles:

- (a) is an undertaking for collective investment in transferable securities (UCITS) in accordance with the relevant EU regulations;
- (b) denominated in USD;
- (c) has a board of directors, the majority of whom are independent of the Man Group; and
- (d) is valued by an independent valuations service provider, being Citibank Europe plc, Luxembourg Branch or BNY Mellon Fund Services (Ireland) DAC.

The Underlying Vehicles may change from time to time, depending on the composition of the Portfolio (see “Managing the Fund’s investments” adjacent). However, notwithstanding this, the Underlying Fund will not invest in any Underlying Vehicle if the valuations service provider in respect of that Underlying Vehicle is not independent of the Man Group and if the majority of directors in respect of that Underlying Vehicle are not independent of the Man Group.

Underlying Vehicles may include:

- UCITS sub-funds other than sub-funds of the Man Umbrella SICAV – Man Multi-Strategy; and
- funds other than UCITS.

### Managing the Fund’s investments

The Investment Manager monitors the investment strategies used within the Portfolio and the allocation of the Fund’s assets to each individual strategy. At any time, the Portfolio is expected to comprise between 6-15 investment strategies managed by the Investment Manager. The Investment Manager has the discretion, to determine the investment strategies used within the Portfolio, the allocation of the Fund’s assets to such strategies (including between Underlying Vehicles and direct investments) and the addition or removal of any investment strategies to or from the Portfolio.

Accordingly, the composition of the Portfolio will change over time depending on the Investment Manager’s view of market conditions and the most appropriate blend of available strategies. However, the Investment Manager is not permitted to allocate more than 20% of the Fund’s net assets (via the Underlying Fund) in any one Underlying Vehicle.

## FEES AND OTHER COSTS

### Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial advisor.

### To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds calculator to help you check out different fee options.

This PDS shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the Fund's assets as a whole. Taxation information is set out in Section 12 of this PDS.

You should read all the information about fees and costs because it is important to understand their impact on your investment. Fees and other costs of the Portfolio are set out on page 26.

Type of fee or cost <sup>1</sup>	Amount	How and when paid
<b>Fees when your money moves in or out of the Fund</b>		
<b>Establishment fee</b>		
The fee to open your investment	Nil	Not applicable
<b>Contribution fee</b>		
The fee on each amount contributed to your investment	Nil	Not applicable
<b>Withdrawal fee</b>		
The fee on each amount you take out of your investment	Nil	Not applicable
<b>Termination fee</b>		
The fee charged to close your investment	Nil	Not applicable
<b>Management costs<sup>2</sup></b>		
The fees and costs for managing your investment	2.21% per annum of the NAV. The management costs comprise: <ul style="list-style-type: none"> <li>• estimated Fund recoverable expenses of 0.20% p.a. of the NAV; and</li> <li>• indirect costs incurred by the Underlying Fund and the Underlying Vehicles for the last financial year of the Fund of 2.01% p.a. of NAV.</li> </ul>	Fund recoverable expenses are accrued daily and paid directly from the Fund's assets <sup>3</sup> . Indirect costs are deducted directly from the assets of the Underlying Fund or Underlying Vehicles (as applicable) as and when they occur. All management costs are ultimately reflected in the Unit Price.
<b>Service Fees</b>		
<b>Switching fees</b>		
The fee charged when you switch between investment funds	Nil	Not applicable

<sup>1</sup> The fees and costs referred to in this table include, if applicable, GST less any input tax credits and reduced input tax credits and stamp duty.

<sup>2</sup> This amount is based on the indirect costs for the last financial year of the Fund. Typical ongoing indirect costs (and management costs) are likely to be higher. See the additional information of fees and costs section on page 26 for more information.

<sup>3</sup> Extraordinary expenses, such as expenses associated with a change of responsible entity or any Unitholder meeting, are not included in this fee and are therefore an additional cost, if incurred. See "Additional explanation of fees and costs".

### Example of annual fees and costs

This table gives an example of how the fees and costs for the Fund can affect your investment over a one year period. You should use this table to compare this product with other managed investment products.

Example: Man Diversified Alternatives		Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fees	0%	For every additional \$5,000 you put in, you will be charged \$0.
<b>PLUS</b> management costs <sup>4</sup>	2.21%	<b>And, for the \$50,000 you have in the Fund you will be charged \$1,105 each year.</b>
<b>EQUALS</b> cost of fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during the year, you would be charged fees of: \$1,105*.  <b>What it costs you will depend on the fees you negotiate with the Fund or financial advisor.</b>

<sup>4</sup> The management costs comprise estimated Fund recoverable expenses and indirect costs incurred by the Underlying Fund and the Underlying Vehicles for the last financial year of the Fund. Typical ongoing indirect costs are likely to be higher. See the additional information of fees and costs section below for more information.

\* The above example assumes the additional contribution of \$5,000 was made on the last day of the year.

	Management fee	Performance fee
Portfolio fees – as at 1 September 2019	1.10% p.a.	19.1%
Portfolio fees – maximum chargeable	1.10% p.a.	20%

### Additional explanation of fees and costs

#### Portfolio investment management fees

Each investment strategy within the Portfolio will charge an investment management fee which will be deducted from the assets of the relevant Underlying Vehicle and the Underlying Fund (in respect of direct investments). The aggregate investment management fee will not exceed 1.10% p.a. of the NAV. As at 1 September 2019, the actual aggregate investment management fee was 1.10% p.a. of the NAV.

#### Portfolio performance fees (Underlying Vehicles)

Each Underlying Vehicle may also incur a performance fee, payable to the Investment Manager, based on the increase (if any) in the value of the net asset value over the previous highest closing net asset value of the relevant Underlying Vehicle. This performance fee will not exceed 20% and, where payable, will be based on the high watermark principle whereby once a performance fee has been accrued in relation to the net asset value, no further performance fee can be accrued until the net asset value increases above the previous highest net asset value. Thus, if the net asset value falls below the previous highest net asset value,

no performance fee is accrued until this previous highest net asset value has been recovered. Application of the high watermark principle is illustrated in the chart opposite.

#### Portfolio performance fees (direct investments held by the Underlying Fund)

The Investment Manager will charge a performance fee based on the aggregate increase (if any) in the value of the net asset value over the previous highest closing aggregate net asset value of the direct investments held by the Underlying Fund. This performance fee will not exceed 20% and, where payable, will be based on the high watermark principle as described in the section above and the chart below. The Investment manager will ensure that a performance fee will only be payable in respect of the combined net realised and unrealised appreciation in the net asset value of the Underlying Fund's direct investments. The performance fee (if any) for direct investments is accrued at each valuations day of the Underlying Fund and is payable annually in arrears (and if applicable, on the redemption of shares).

The performance fee for direct investments is calculated on a single basis across the Underlying Fund in order to maintain a single net asset value of direct investments. This means that, where a performance fee is payable, the net asset value of all shares in the Underlying Fund will be equally reduced regardless of whether the shares were held during the full performance fee period. Accordingly, shareholders (such as the Fund) investing in or redeeming from the Underlying Fund during a performance fee period may benefit or be disadvantaged by the performance fee calculation.

Performance fees for each Underlying Vehicle within the Portfolio and for direct investments are calculated independently of the performance of the other Underlying Vehicles and any direct investments within the Portfolio, and the Fund as a whole. This means that it is possible for a performance fee to be paid even when the Unit Price has decreased or has not increased in value.

If performance fees are charged, the management costs of the Fund will be higher.

#### Recoverable expenses

The Responsible Entity is entitled to be reimbursed for fees and expenses associated with establishing and operating the Fund. These include but are not limited to Unit registry, audit, custody, taxation and legal advice, marketing and promotional expenses, and all fees and expenses ordinarily incurred in the proper performance of its duties in respect of the Fund.

The amount of recoverable expenses will be capped at 0.20% p.a. of NAV (inclusive of the net impact of GST) excluding extraordinary expenses such as expenses associated with a change of responsible entity or any unitholder meeting. Recoverable expenses will be deducted from the Fund's assets by way of regular monthly deductions of the estimated monthly proportion of the estimated annual recoverable expenses, subject to any adjustment, if necessary, in the final month of the financial year and will be reflected in the Unit Price. The Underlying Fund and Underlying Vehicles will incur operating costs and expenses, and the Fund will bear

its pro-rata share of these, some of which may be paid to a member of the Man Group. These costs will depend on the overall size of the Underlying Fund and the Underlying Vehicles. The combined aggregate operating costs and expenses for the Underlying Fund and Underlying Vehicles are not expected to exceed 0.65% p.a. of the NAV. The costs of the Underlying Fund and Underlying Vehicles are included in the indirect costs component of the management costs set out in the table on page 25.

#### Maximum fees permitted under the Constitution

The Constitution sets out the maximum fees that can be charged by the Responsible Entity for an investment in the Fund. These maximum fees are: a management fee of up to 2% of the gross asset value of the Fund, an entry and exit fee of 5% deducted from the application money and withdrawal amount, and a performance fee of 10% based on the increase (if any) of the Unit Price.

Currently, the Responsible Entity has decided not to charge any of these fees, and will provide you with at least 30 days written notice of any proposed change to fees and recoverable expenses.

The Responsible Entity is not permitted to charge more than the maximum amount of the fees that are set out in the Constitution (any change to the Constitution requires the Unitholders' approval by special resolution).

#### Indirect costs

The Responsible Entity is required by law to disclose the Fund's indirect costs based on the last financial year of the Fund. Following a change to the fee arrangements from 1 September 2019, typical ongoing indirect costs are expected to be higher than for the last financial year of the Fund. However, actual indirect costs for future years may be higher or lower from year to year. Details of any such future changes to indirect costs will be provided on our website at [www.man.com](http://www.man.com) where they are not otherwise required to be disclosed to investors under law. You should check the website before investing to ensure you have the latest information about indirect costs.

## High watermark principle

### Negotiable fees

The Fund reserves the right to negotiate different fees for wholesale clients (as defined in the Corporations Act). Please contact Man Investments Australia on (61-2) 8259 9999 for further information.

### Distributor support

Man Investments Australia may make payments to IDPS operators who charge a fee to distribute managed investment schemes on their investment platform. These payments will be paid by Man Investments Australia and are not an additional cost to you or the Fund and will not affect the Unit Price of the Fund.

In addition, Man Investments Australia may provide marketing or other support to any distributor of the Fund. These expenses will be paid by Man Investments Australia and are not an additional cost to you or the Fund and will not affect the Unit Price of the Fund.

### GST on fees and costs

Information about any significant taxation implications of investing in the Fund is set out in Section 12. The fees and costs referred to in Section 5 of this PDS include, if applicable, GST less any input tax credits and reduced input tax credits the Fund may be entitled to.

### Transactional and operational costs

The Responsible Entity has determined not to charge transaction costs by way of a buy sell spread when you invest in or withdraw from the Fund. This is because there are no transaction costs associated with access to the Underlying Fund.

However, the Underlying Fund and Underlying Vehicles themselves incur transactional and operational costs, such as brokerage, stamp duty, clearing costs, registration fees and settlement costs, when buying and selling underlying investments. These costs are payable when incurred out of the Underlying Fund and Underlying Vehicles (as applicable). Transactional and operational costs are not payable to the Responsible Entity, the Investment Manager or any other manager. They are an additional cost to you and are ultimately reflected in the Unit Price.

For the last financial year of the Fund, transactional and operational costs amounted to 0.59% of the value of the Fund. Applied to an investment in the Fund of \$50,000, transactional and operational costs would equal to \$295 per annum. These transactional and operational costs do not include an amount for any bid-ask spreads applicable to the underlying assets of the Underlying Fund because, as at the end of the last financial year of the Fund, the Responsible Entity and the Underlying Fund did not have the data needed to calculate them or to have a reasonable basis to estimate them. Transactional and operational costs vary from period to period and accordingly future transactional and operational costs may be higher or lower than this amount.

When transactional and operational costs of 0.59% are added to management costs of 2.21%, the total investment cost is 2.80%. Applied to an investment of \$50,000, the total investment cost would equal to \$1,400 per annum<sup>5</sup>.

<sup>5</sup> The management costs in the example above is based on the indirect costs for the last financial year of the Fund. Typical ongoing indirect costs (and management costs) are likely to be higher. See the indirect costs section on page 27 for more information.

## PEOPLE BEHIND THE INVESTMENT

The following parties have a substantial connection with the Fund:

### Citibank Europe plc, Luxembourg Branch

### Ernst & Young

Ernst & Young has been appointed as the auditor of the Fund.

### National Australia Bank Limited

National Australia Bank Limited has been appointed as the Custodian and Administrator for the Fund. The services provided as Custodian are listed on page 9. The services provided as Administrator include processing applications, withdrawal and transfer requests in relation to Units.

National Australia Bank Limited has delegated the provision of unit registry services to OneVue Fund Services Pty Ltd.

### Man Group plc

Man Group plc is an active investment management firm focused on delivering performance and client solutions through its five investment management businesses: Man AHL; Man Numeric; Man GLG; Man FRM and Man Global Private Markets. Man Group's investment management businesses provide long only, alternative and private markets products on a single and multi-manager basis, leveraging the firm's robust infrastructure to provide a diverse range of strategies across investment approaches, styles and asset classes.

The original business was founded in 1783. Man Group plc is listed on the London Stock Exchange under ticker EMG.L and is a constituent of the FTSE 250 Index. As at 30 June 2019, Man Group's funds under management were US\$114.4 billion.

### Man Solutions Limited

The Investment Manager is authorised and regulated by the FCA in the conduct of its regulated activities in the United Kingdom. The Investment Manager is registered with the SEC as an investment adviser under the Advisers Act. Man Solutions Limited is also registered with the Commodities Futures Trading Commission ('CFTC') as a Commodity Pool Operator and is a member of the National Futures Authority ('NFA'). The Investment Manager's SEC and CFTC registrations and NFA membership do not indicate any level of expertise or qualification, nor has the SEC, CFTC or NFA in any respect approved the Investment Manager, this PDS or the offering of Units.

The Investment Manager is an indirect, wholly owned, subsidiary of Man Group.

Man Solutions Limited has delegated the investment management of the Underlying Fund's direct investments to GLG Partners LP. GLG Partners LP also provides investment management services to certain Underlying Vehicles in which the Underlying Fund invests or may invest from time to time. GLG Partners LP is a member of the Man Group.

The directors of Man Solutions Limited are senior members of the Man Group.

The primary roles of the Investment Manager are to:

- determine the investment strategies used within the Portfolio and the allocation of the Fund's assets to such strategies;
- invest the Fund's assets in the Portfolio, primarily through the Underlying Vehicles;
- manage the investments within the Portfolio;
- monitor the Portfolio, including the addition or removal of any investment strategies to or from the Portfolio from time to time; and
- provide commentary on monthly Unitholder reports on the performance of the Fund.

Below are the key biographies in relation to the Investment Manager:

**David Kingsley** is a Portfolio Manager and Managing Director of Man Solutions Limited ('MSL'), based in London. David covers MSL's Multi-Strategy Institutional Solutions and Alternative Risk Premia investment offerings. David is a member of the MSL Risk and Portfolio Committee and on the board of directors for Man Investments (CH) AG. Since 2010 David has been responsible for managing the Man Multi-Strategy portfolios and separate discretionary/ advisory mandates, which actively allocate capital across Man Group's quantitative and discretionary investment strategies. David was previously a Senior Portfolio Manager and member of Man FRM's ('FRM') Investment Solutions group, involved in the development and running commingled and customized portfolios allocating across its managed account platform. Prior to joining Man Investments in 2005, he spent three years with Schroders Investment Management in London, as a Product Specialist covering Schroders' fund of hedge funds and single manager business. David holds a BA (Hons) in Geography and a MSc in International Management from the University of London.

**Neil Mason** joined Man GLG in 2013 as a Senior Managing Director. From March 2010 to July 2013 Neil was Chief Risk Officer of Harvard Management Company, the university's pioneering endowment fund. He was previously CIO at FRM Capital Advisors, from 2007 to February 2010, and helped establish FRM Capital Advisor's investment process. He has 27 years of markets experience in the banking and hedge fund industries. Prior to joining Man FRM, Neil was Chief Executive Officer of BlueCrest Capital Management Limited, a London based multi-strategy hedge fund manager. From 2000 to 2003, Neil was a managing director responsible for Bank of America's European rates trading business in London, including all cash and derivative interest rate products, and was a member of the Global Markets Management Committee for Europe. Neil started his career at JP Morgan where he spent 13 years in a number of trading management roles in the interest rate and emerging markets businesses. Neil holds a degree in Philosophy, Politics and Economics from Oxford University.

Both Mr Kingsley and Mr Mason are full time employees of the Man Group. Mr Kingsley spends substantially all of his working time in the investment management of the Fund and/or other funds with the same investment strategy.

The Investment Manager's appointment may be terminated upon written notice.

#### **Man Investments Australia Limited**

Man Investments Australia is a member of the Man Group and provides Australian and New Zealand investors with strategic investments to diversify traditional investments in stock, property and bond markets.

As the Responsible Entity, Man Investments Australia is obliged to act honestly and in the best interests of Unitholders. Its duties and obligations as the Responsible Entity are established and defined by the Constitution, the Corporations Act and Regulations.

## HOW TO INVEST

### Direct Applicants

#### Initial investment

Direct applicants may apply for Units by:

- i) following the instructions to applicants set out in Appendix A of this PDS;
- ii) completing the Application Form contained in Appendix A; and
- iii) returning it, together with payment and the identification documents, in accordance with the instructions in Section 7 of this PDS.

Payment instructions are detailed on the Application Form.

Completed original Application Forms, copies of identification documentation certified in original ink and a copy of any electronic funds transfer confirmation must be received by the Administrator by 12pm AEST on any Business Day. Any notice received after 12pm AEST on any Business Day will be held over until, and will be deemed to be an application for Units on, the next Business Day.

If the application is accepted, an interest in the Fund will be issued upon acceptance<sup>6</sup>. This interest will automatically convert into Units once the relevant Unit Price becomes available. Units will be issued at the Unit Price applicable on the Business Day on which the application was accepted.

Once an application has been accepted, and Units have been issued, a transaction confirmation will be sent setting out the number of Units purchased, the Unit Price and the date of issue. The transaction confirmation will generally be sent within 7 Business Days of the issue of the Units.

The minimum initial investment amount is \$5,000 subject to the discretion of the Responsible Entity to waive or vary minimum investment amounts.

Applicants should be aware that no interest in the Fund will be issued to applicants whose application is not complete. If your application is not complete at the time it is sent to the Administrator (for example if you have not sent copies of identification documents certified in original ink with your application), your application for Units will not be processed and application moneys may be held by the Administrator in a non-interest bearing trust account. The Responsible Entity reserves the right to reject an application in whole or in part or to seek additional documents to verify the identity and circumstances of the applicant.

#### Additional applications

Unitholders who wish to increase their investment should complete the Additional Application Form and return it along with payment in accordance with the instructions below.

The minimum amount for any additional contribution is \$1,000. The Responsible Entity has the discretion to waive or vary this amount.

The 12pm AEST Business Day cut-off also applies to additional investments.

#### Direct applicants must send applications:

By mail to:

Man Investments Australia Limited  
GPO Box 804  
Melbourne VIC 3001  
Australia

Or for Additional Application Forms by fax to:

by email to:  
man\_transactions@unitregistry.com.au

or by fax to:  
Man Investments Australia Limited  
Fax: 1300 310 931 or (61-2) 8067 0617

#### Completed Applications

Completed application documents (whether for an initial investment or an additional investment) and a copy of any electronic funds transfer confirmation must generally be received by the Administrator by **12pm AEST on any Business Day in order to access the Unit Price applicable to that Business Day**. "Business Day" means a day on which banks generally are open for business in Sydney and excluding a Saturday, Sunday or public holiday and further excluding any day which is not a valuation day in respect of the Underlying Fund.

<sup>6</sup> This interest confers the same rights under the Constitution that would apply to a Unitholder holding the corresponding number of Units. This interest cannot be withdrawn without the consent of the Responsible Entity.

## Indirect Applicants

### Initial investment

Where the Fund has been included on an IDPS or an IDPS-like scheme (commonly known as a master trust or wrap account), applicants may apply for Units through that IDPS or IDPS-like scheme or a nominee or custody service approved by the Responsible Entity. To make an investment through an IDPS or an IDPS-like scheme, you should complete an Application Form for that service and not the Application Form contained in Appendix A.

Indirect applicants should note that they will be subject to different rights to those granted to direct applicants. The main differences may include:

- Minimum transaction and balance requirements for that particular IDPS or IDPS-like scheme;
- No cooling-off period;
- Processing dates and deadlines;
- Fund balance and tax reporting; and
- Fees and costs for the IDPS or IDPS-like scheme.

For further information about investing in the Fund through an IDPS or an IDPS-like scheme, please consult your licensed financial advisor or that IDPS operator.

### Additional applications

Indirect applicants who wish to increase their investment should complete the Application Form for that service and not the Additional Application Form contained in Appendix A.

## DISTRIBUTIONS

Each financial year, the full amount of any distributable income available for distribution from the Fund is intended to be distributed to its Unitholders.

Distributions will be calculated as at 30 June and reinvested or paid within 30 Business Days.

The amount of income you receive is calculated according to the number of Units you hold as a proportion of the total number of Units on issue as at the end of the distribution period<sup>7</sup>. As a result of the Fund making a distribution, the Unit Price (excluding the distribution) will fall by an amount equal to the distribution per Unit. If you invest just before the end of a distribution period, you may find you have some of your capital returned as income.

### Distribution reinvestment plan

You must nominate on the Application Form (see Section 5 of the Application Form) if you elect to have your distributions reinvested in further Units or paid by way of electronic funds transfer directly into your account with a bank or other financial institution.

Unless you elect to be paid your distribution, your distribution will be reinvested in further Units at no additional cost to you and you will be issued with additional Units in accordance with the distribution policy described above. The price paid for Units under the distribution reinvestment plan will be at the new Unit Price (excluding the distribution).

Any change to distribution instructions should be advised to the Responsible Entity at least one month before the end of the relevant distribution period.

<sup>7</sup> For the purpose of calculating an application interestholder's share of income, an application interest entitles its holder to the share of income that it would be entitled to if holding the number of Units of the relevant class that is equal in value to the Application Money less any application fees.

## HOW TO WITHDRAW

You may withdraw some or all of your investment from the Fund daily on any Business Day subject to the terms detailed below and the Constitution.

Withdrawal requests must be made on either a withdrawal form or in writing and sent in accordance with the instructions below providing Unitholder details, the number of Units to be withdrawn or the dollar value required and payment instructions. A withdrawal request must be signed by all Unitholders or their duly authorised representatives unless a Unitholder has authorised previously that one signature is required to effect withdrawals. Withdrawal requests may be sent to the Administrator by email or fax. You may download a withdrawal form by visiting Man Investments Australia's website: [www.man.com](http://www.man.com).

Unitholders should advise us in accordance with the instructions below by 12pm AEST on any Business Day of their desire to withdraw Units. Any notice received after 12pm AEST on any Business Day will be held over until, and will be deemed to be for withdrawal of Units on, the next Business Day.

The Responsible Entity expects that withdrawal proceeds will generally be paid within 12 Business Days of processing the withdrawal request. However, the Constitution allows for a period of up to 30 Business Days for such payment to be made.

The Responsible Entity reserves the right to suspend withdrawals during periods where the Fund's investment in the Underlying Fund may not be easily valued or sold, including in circumstances where the Underlying Fund limits or suspends withdrawals from it. In addition, if withdrawal requests (the "Requests") are received that cause the total number of withdrawal requests over any consecutive 5 Business Day period to exceed 10% of the value of the Fund, the Responsible Entity has the right to delay the processing of all Requests for up to 5 Business Days. Any movements in the relevant Unit Price during this period will affect (either positively or negatively) the amount of withdrawal proceeds paid in respect of the Requests.

A transaction confirmation setting out the number of Units withdrawn and the Unit Price will generally be sent within 7 Business Days of when the withdrawal proceeds have been paid. The Responsible Entity will not pay withdrawal proceeds to any person other than the Unitholder as shown on the Unit registry. Withdrawal proceeds will only be paid to an account in the name of the Unitholder.

The Responsible Entity may fund withdrawal requests from cash retained in the Fund or by the withdrawal of underlying assets of the Fund.

Partial withdrawal may be made subject to maintaining a minimum investment balance of \$5,000 and withdrawals must be for a minimum amount of \$1,000.

The Responsible Entity reserves the right to seek additional identification documents to verify the identity and circumstances of a Unitholder. This may impact on our ability to process withdrawal requests.

Withdrawal requests by direct investors must be sent to:

Man Investments Australia Limited  
[man\\_transactions@unitregistry.com.au](mailto:man_transactions@unitregistry.com.au)

or by fax to:  
Man Investments Australia Limited  
Fax: 1300 310 931 or (61-2) 8067 0617

or by mail to:  
Man Investments Australia Limited  
GPO Box 804  
Melbourne VIC 3001 Australia

Investors who do not hold Units directly will need to follow the withdrawal instructions of their IDPS or IDPS-like scheme, master trust or wrap account provider and are subject to processing dates and deadlines specified by their IDPS or IDPS-like scheme, master trust or wrap account provider.

### Transfers

You may transfer some or all of your Units to another person or entity, provided that person or entity is eligible to be a Unitholder, subject to a minimum transfer amount of \$1,000 and maintaining the minimum balance of \$5,000. To transfer Units you must send the following to the Administrator:

- i) an original standard transfer form executed by both the transferor and transferee (and if necessary, stamped to indicate that stamp duty has been paid); and
- ii) any other supporting documents required; and
- iii) documentation to verify the identity of the transferee.

A Unitholder requesting the transfer of Units will be liable to pay any stamp duty and other charges that may be incurred in relation to the transfer of those Units.

The Responsible Entity reserves the right to decline to register a transfer of Units without reason.

### Completed Withdrawals

Completed withdrawal documents must generally be received by the Administrator by **12pm AEST on any Business Day in order to access the Unit Price applicable to that Business Day**. "Business Day" means a day on which banks generally are open for business in Sydney and excluding a Saturday, Sunday or public holiday and further excluding any day which is not a valuation day in respect of the Underlying Fund.

If you do not make an election, you will not receive a copy of the Fund's annual reports. However, you may access the report on Man Investment Australia's website [www.man.com](http://www.man.com).

### Online portal

You can access these investor reports using the Fund's online portal at [www.man.com](http://www.man.com). In addition, forms for additional applications, withdrawal requests and other administrative actions will be available via the portal.

### Disclosing entity

The Fund is a disclosing entity under the Corporations Act and is subject to regular reporting and disclosure obligations. Copies of documents required to be lodged with ASIC in relation to the Fund may be obtained from or inspected at an ASIC office.

In addition, Unitholders are entitled to obtain a copy of:

- the Fund's annual report most recently lodged with ASIC;
- any half year financial report lodged with ASIC for the Fund after the lodgement of the Fund's annual financial report most recently lodged with ASIC and before the date of this PDS; and
- any continuous disclosure notices given by the Fund after the lodgement of the Fund's annual financial report most recently lodged with ASIC and before the date of this PDS.

The Responsible Entity will comply with its continuous disclosure obligations for the Fund by lodging continuous disclosure notices with ASIC.

## ADDITIONAL INFORMATION

### Important

The following information in relation to the Fund is a summary of important additional information you should know if you are considering an investment in the Fund.

### The Constitution

The Fund is governed by the Constitution, the Corporations Act and Regulations. The Constitution of the Fund sets out the conditions under which the Fund may operate, your rights and obligations as a Unitholder and the powers of the Responsible Entity. Under the Constitution, the Responsible Entity may compulsorily redeem Units. The Responsible Entity may, for example, exercise this power in relation to the Fund if the Underlying Fund compulsorily withdraws shares in the Underlying Vehicles. For further information, see “Compulsory withdrawal of Units” on page 39.

Unitholders will have a beneficial interest in the assets of the Fund, however, this does not confer a right to control any particular asset or group of assets, nor does it confer any rights to manage the Fund. The Constitution contains provisions that protect and indemnify the Responsible Entity in certain circumstances.

The Constitution may be amended by the Responsible Entity by supplemental deed except where it may adversely affect the rights of Unitholders. In this case a special resolution of Unitholders is required to approve the amendments.

The Constitution is available for inspection at the office of the Responsible Entity during business hours. A copy of the Constitution may be obtained by a request in writing to the Responsible Entity.

### Interests of Unitholders

The Responsible Entity may issue an interest in the Fund to any person at any time in response to an application, where the relevant Unit Price is not immediately available. Such an interest is an interest in the Fund and confers the same rights under the Constitution that would apply to a Unitholder holding the corresponding number of Units. This interest will convert into Units as soon as the relevant Unit Price can be determined.

The beneficial interest in the Fund is divided into Units. A Unitholder holds a Unit subject to the rights, restrictions and obligations attaching to the Unit. A Unit does not provide an interest in any particular part of the Fund or in any particular asset or property. Fractional Units may be issued. The Responsible Entity reserves the right to round down or round up to the nearest whole Unit.

### Classes

The Responsible Entity is permitted to issue different classes of Units having attached different rights, obligations and restrictions.

### Issue of Units

The Responsible Entity will issue Units pursuant to this PDS at the Unit Price.

### Limitation of Responsible Entity's liability

Except where the law or the Constitution provides otherwise:

- the Responsible Entity is not liable to a Unitholder to any greater extent than the extent to which it is indemnified from the assets of the Fund; and
- each director and officer of Man Investments Australia is not personally liable to a Unitholder or any other person for any loss incurred in connection with acting as a director or officer of Man Investments Australia.

The Responsible Entity is entitled to be indemnified from the Fund's assets for any liability incurred by it in properly performing or exercising any of its powers or duties. This indemnity is in addition to any indemnity allowed by law and continues to apply after Man Investments Australia ceases to be the responsible entity of the Fund.

### Unitholder's liability

The Constitution of the Fund provides that the liability of Unitholders is limited to their investment in the Fund. However, Unitholders should note that the courts have not finally determined the extent of liability of Unitholders in unit trusts.

### Retirement or removal of Responsible Entity

The Responsible Entity may retire or be removed as responsible entity in accordance with the Corporations Act. Subject to the law, Man Investments Australia may agree to be paid a benefit by another entity who proposes to be the responsible entity of the Fund in consideration for Man Investments Australia retiring.

### Meetings

The Responsible Entity may convene a meeting of Unitholders at any time. Unitholders may convene a meeting in accordance with the Corporations Act. Not less than 21 days' notice must be given for all meetings of Unitholders. Only those Unitholders that are entered on the register of Unitholders will be entitled to vote at any meeting of Unitholders.

### Binding effect

The Constitution is binding on all Unitholders.

### Cooling-off period

Retail clients (as defined in the Corporations Act) that invest directly in the Fund are entitled to a 14 day cooling-off period during which they may change their mind about their investment. During that time, those investors may exercise their cooling-off rights by requesting their money be returned.

The cooling-off period begins when your transaction confirmation is received by you or, if earlier, 5 days after your units are issued. The Responsible Entity is allowed to (and generally does) make adjustments for market movements up or down, as well as any tax and reasonable transaction and administration costs. This may result in you receiving back less than you originally invested. You may have capital gain/loss tax implications if you happen to receive more or less back than you originally invested. Please refer to Section 9, "How to withdraw", for more information on the withdrawal process.

If you wish to cancel your investment during the cooling-off period, you need to inform the Responsible Entity in writing of your intention to exercise this right before the end of the cooling-off period (and before exercising any rights or powers you have in respect of your investment in the Fund).

Wholesale clients (as defined in the Corporations Act) and IDPS investors are not entitled to a cooling-off period. If you have invested in the Fund by directing an IDPS operator to acquire Units on your behalf you should contact your IDPS operator to find out what your cooling-off rights are.

### Custodian and Administrator

The Custodian has been appointed by the Responsible Entity as the custodian and administrator of the Fund. The Custodian has given, and not withdrawn, its consent to being named in this PDS as the custodian and the administrator of the Fund. The Custodian does not make any statements in, or take any responsibility for any parts of, this PDS and makes no guarantee of the success of the Fund, the repayment of capital and does not in any way stand behind the capital value, or any particular rate of capital or income return in respect of an investment in the Fund or the investments of the Responsible Entity or the Investment Manager. National Australia Bank Limited has delegated the provision of unit registry services to OneVue Fund Services Pty Ltd.

### Complaints

If you have a complaint about your investment in the Fund, please call Man Investments Australia on (61-2) 8259 9999. The Responsible Entity has procedures for dispute resolution that comply with section 912A(2) of the Corporations Act and they are available free of charge. Unitholders (including indirect investors through an IDPS or an IDPS-like scheme) may make a complaint relating to the Fund directly to the Responsible Entity in writing. The Responsible Entity will acknowledge any complaint promptly. If you are not satisfied with the response, you have the right to use an external complaints resolution process. The Responsible Entity is a member of Australian Financial Complaints Authority ("AFCA"). AFCA assists with the resolution of disputes between consumers and participating financial services providers. AFCA can be contacted by phone on 1800 931 678 or by email on [info@afca.org.au](mailto:info@afca.org.au).

### Privacy statement

By signing the Application Form, you acknowledge and agree that your personal information may be handled by the Responsible Entity including its service providers in the manner set out below.

Your completed Application Form will provide personal information about you to the Responsible Entity and the Administrator. The Responsible Entity collects your personal information to process and administer your investment in the Fund and to provide you with information about your investment in the Fund. Some of the information collected is required by the Anti-Money Laundering and Counter-Terrorism Financing laws. If you do not complete the Application Form in full, the Responsible Entity may not be able to accept your Application Form or administer your investment in the Fund.

The Responsible Entity may disclose your personal information for purposes related to your investment and the publication of Unitholder reports, to the Responsible Entity's agents and service providers including the Investment Manager, Custodian, Administrator and other Man Group entities. The Responsible Entity's service providers may disclose your personal information to their service providers and agents and to the Responsible Entity's other service providers and agents for purposes related to your investment and publication of Unitholder's reports. In order to use and disclose your personal information for the purposes stated above, the Responsible Entity may be required to transfer your personal information to entities located outside Australia where it may not receive the level of protection afforded under Australian law. The Responsible Entity will disclose your personal

information to the Man Group head office in the UK and Man Investments AG in Switzerland for Anti-Money Laundering and Counter-Terrorism Financing purposes. By signing the Application Form, you consent to your personal information being transferred overseas for these purposes.

Man Investments Australia's privacy policy contains further information about Man Investments Australia's privacy practices, including your rights to access and correct your personal information, and to make a complaint regarding our use, holding or disclosure of your personal information and how Man Investments Australia will deal with such a complaint. #### Labour Standards, Environmental, Social and Ethical Considerations

The Fund does not take into account labour standards or environmental, social or ethical considerations when making investment decisions.

#### Facsimile and email instructions

You may give instructions, including additional applications for Units, withdrawal or transfer requests by facsimile or email to us in accordance with the instructions in Sections 7 and 9. If you give facsimile or email instructions, you release the Responsible Entity, the Custodian, the Administrator and any service provider engaged by the Responsible Entity from and indemnify the Responsible Entity, the Custodian, the Administrator and any service provider engaged by the Responsible Entity against any loss, liability, cost or expense arising from any payment made or any action (or inaction) taken based on a facsimile instruction that is given or appears to be given by you.

You and any person claiming through you on your behalf, will have no claim against the Responsible Entity the Custodian, the Administrator and any service provider engaged by the Responsible Entity, in relation to payments made or any actions taken based on facsimile or email instructions.

#### Anti-Money Laundering and Counter-Terrorism Financing

Applications for Units are subject to the Anti-Money Laundering and Counter-Terrorism Financing laws.

You should be aware that:

- i) the Responsible Entity will be required to carry out procedures to verify your identity before providing services to you, and from time to time thereafter;

- ii) transactions may be delayed or refused where the Responsible Entity has reasonable grounds to believe that the transaction breaches applicable law or regulation;
- iii) where transactions are delayed or refused, the Responsible Entity and its related parties are not liable for any loss you suffer (including consequential loss) howsoever caused;
- iv) the Responsible Entity may from time to time require additional information from you to assist the Responsible Entity in this process; and
- v) indirect investors may be subject to the anti-money laundering requirements of their IDPS or IDPS-like service, master trust or wrap account provider.

The Responsible Entity will perform procedures including collecting documentation to verify the identity of an applicant before the issue or transfer of Units to that applicant. The Responsible Entity reserves the right to reject an application for Units, or decline to register a transfer of Units, failing satisfactory verification. Please note that Application Forms for an initial investment are not accepted by fax or email, they must be mailed as originals to us in accordance with the instructions in Section 7.

#### Suspension of withdrawal of Units or payment of proceeds

The Responsible Entity may at any time suspend the withdrawal of Units and the payment for the withdrawal of Units if the Responsible Entity believes that is in the best interest of the Unitholders as a whole. For example, if the withdrawal or issue of any shares in the Underlying Fund or the calculation of the net asset value of the shares in the Underlying Fund has been suspended.

Notice of any suspension of the right to have Units withdrawn, or any suspension of the right to have withdrawal proceeds paid, will be notified to Unitholders as soon as practicable by written notice and by publication of a notice on the Responsible Entity's website stating that such a suspension has been declared.

At the end of any period of suspension, the Responsible Entity will cause a further written notice to Unitholders and publication of a notice on the Responsible Entity's website stating that the period of suspension has ended.

The withdrawal price for Units the subject of the withdrawal request accepted during the period of suspension will be the withdrawal price next determined after the end of the period of suspension. A Unitholder's withdrawal request lodged during the period of suspension is deemed lodged immediately after the end of the period of suspension.

### Compulsory withdrawal of Units

The Responsible Entity may, at any time compulsorily withdraw any Units at the then applicable Unit Price. The Responsible Entity may exercise this discretion if in the opinion of the Responsible Entity such Units were acquired or are held by US Persons or any person in breach of the laws or requirements of any country or governmental authority or in the case of a corporation, in breach of its constituent documents, or such compulsory withdrawal would eliminate or reduce the exposure of the Fund or its Unitholders to adverse tax consequences or any other pecuniary or commercial disadvantage under the laws of any country or if the Unitholder is registered as the holder of less than the minimum holding of Units.

In addition, the Responsible Entity reserves the right to compulsorily withdraw the Units of a Unitholder who fails to provide the required information and documentation to verify their identity within a stipulated time period. In those circumstances the Responsible Entity will not pay the proceeds of the compulsory withdrawal until it has received the required information and documentation to verify the unitholder's identity.

The Responsible Entity may also exercise this power if the Underlying Fund compulsorily redeems shares.

### Disclaimers, interests and consents

Investors should only rely on the information contained in and representations made in this PDS. Any further information given or representations made by any dealer, advisor, salesperson or other person are unauthorised.

Man Group does not guarantee the performance of the Fund, the repayment of capital or any particular rate of return.

Greenwoods & Herbert Smith Freehills Pty Limited has been involved only in the preparation of the Australian Taxation information appearing in Section 12 of this PDS. Greenwoods & Herbert Smith Freehills Pty Limited has given, and has not withdrawn its consent to the inclusion of that information in this PDS in the form and context in which it is included.

Each of Man Solutions Limited and the relevant Man Group entity has given and has not withdrawn, its consent to the inclusion of being named in this PDS and to any statements made by them, or based, on statements made by any of them, in the form and context in which they are included.

To the maximum extent permitted by law, each Man Group entity and Man Solutions Limited disclaim and take no responsibility for any part of this PDS other than the inclusions detailed above, to which they have consented.

The Responsible Entity has appointed National Australia Bank Limited ABN 12 004 044 937 ("NAB or Custodian") as the custodian of the assets of the Fund. The Custodian's role is limited to holding the assets of the Fund as agent of the Responsible Entity. The Custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests. The Custodian has no liability or responsibility to you for any act done or omission made in accordance with the terms of a custody agreement. The Custodian makes no statement in this PDS and has not authorised or caused the issue of it.

NAB has given its consent (which has not been withdrawn as at the date of this PDS) to the inclusion of references to NAB in this PDS in the form and context in which they are included.

The Custodian holds investments of the Fund as bare trustee and such investments are not investments of, NAB or any other member of the NAB group of companies ("NAB Group"). Neither NAB, nor any other member of NAB Group, guarantees the performance of the investment or the underlying assets of the Fund, or provides a guarantee or assurance in respect of the obligations of the Responsible Entity or its related entities.

OneVue Fund Services Pty Ltd (ABN 18 107 333 308) ("OneVue") has given its consent (which has not been withdrawn as at the date of this PDS) to the inclusion of references to OneVue in this PDS in the form and context in which they are included.

Citibank Europe plc, Luxembourg Branch, for the sole purpose to a reference to its appointment as valuation service provider to the Underlying Fund, has given its consent (which has not been withdrawn as at the date of this PDS) to the inclusion of references to Citibank Europe plc, Luxembourg Branch in this PDS in the form and context in which they are included.

Investments in the Fund and the Underlying Fund are not deposits or obligations of, or guaranteed or endorsed in any way by Citibank Europe plc, Luxembourg Branch or any of its affiliates. None of Citibank Europe plc, Luxembourg Branch nor any of its affiliates, branches or subsidiaries, directly or indirectly, guarantees, assumes or otherwise ensures the obligations or performance of the Fund or Underlying Fund or any other investment the Fund or Underlying Fund may make. Any losses of the Fund or Underlying Fund are solely borne by the investors and not by Citibank Europe plc, Luxembourg Branch or any of its affiliates or subsidiaries.

As described in this PDS, Citibank Europe plc, Luxembourg Branch may provide services to the Underlying Fund pursuant to the Fund Services Agreement. Citibank Europe plc, Luxembourg Branch is not under that agreement acting as an investment manager, as an investment, legal or tax adviser, or as a custodian to the Underlying Fund. In providing its services Citibank Europe plc, Luxembourg Branch is only providing such services to the Underlying Fund and not to any other person.

Citibank Europe plc, Luxembourg Branch is not responsible for the content of this PDS. Such responsibility is with the Fund or other persons and accordingly, each investor agrees that, to the extent permitted by law, Citibank Europe plc, Luxembourg Branch will not have any liability arising from any inaccuracies in this PDS.

Ernst & Young has given its consent (which has not been withdrawn as at the date of this PDS) to be named in this PDS as auditor of the Fund in the form and context in which they are included. Whilst Ernst & Young is a professional advisor to the Fund, neither Ernst & Young nor any officer or employee of Ernst & Young is intended to be a director, officer or employee of the Fund.

#### Related party transactions

The directors of the Responsible Entity may also be directors of other entities within the Man Group or of any other entities who provide services to the Responsible Entity, which may receive various fees and commissions in relation to the Fund.

The Man Group has a financial interest in the fees paid by the Fund, directly or indirectly, for its exposure to the Underlying Fund and Underlying Vehicles. The Man Group may also have a financial interest in brokerage incurred using the Portfolio.

The Investment Manager utilises various brokers and dealers to execute securities transactions. Portfolio transactions for the Underlying Fund are allocated to brokers and dealers on the basis of best execution (in accordance with the rules of the FCA, SEC and MiFID 2) based on a number of factors, including commissions/price, the ability of brokers and dealers to effect the transactions, the brokers and dealers facilities, reliability and financial responsibility. The Investment Manager need not solicit competitive bids and does not have an obligation to seek the lowest available commission cost. All such transactions will be undertaken in compliance with the rules of the FCA on inducements.

Members of the Man Group and their associates may deal with the Fund as principal or agent, provided that any such dealings are in the best interests of the Fund and are carried out on an arm's length basis.

The Responsible Entity may revise the Fund's target investment exposure to the Underlying Fund (currently between \$0.95 and \$1.15 for every \$1.00 invested in the Fund) taking into account market conditions. A change in the investment exposure will affect the fees which are charged on the basis of percentage of the investment exposure to the Underlying Fund and Underlying Vehicles.

In addition, members of the Man Group and their associates over the life of the investment are involved in other financial, investment or professional activities which may on occasion give rise to conflicts of interest with the Fund. In particular, the Investment Manager may over the life of the investment provide advice, risk management services or other services in relation to a number of funds or managed accounts which may have similar investment strategies to that of the Fund or funds in which, or managed accounts through which, the Fund invests.

The Responsible Entity will have regard to its obligations to act in the best interest of the Fund if a potential conflict of interest arises. The Responsible Entity has policies and procedures in place to manage conflicts through controlling, avoiding or disclosing such conflicts. Compliance with conflicts policies and procedures is monitored by the Responsible Entity's Head of Compliance Asia Pacific.

The Fund may buy investments from or sell investments to the Investment Manager or its associates according to normal market standards and applicable law.

Man Investments Australia may also invest in its own capacity in the Fund.

#### New Zealand Unitholders: Warning Statement

1. This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.
2. This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.
3. There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.
4. The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.
5. Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.
6. The taxation treatment of Australian financial products is not the same as for New Zealand financial products.
7. If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

#### Additional warning statement: currency exchange risk

1. The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
2. If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

#### Additional warning statement: dispute resolution process

The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.

## TAXATION

The following is a summary of the taxation implications for certain Australian resident taxpayers.

### 1 Overview

The information contained in this summary is of a general nature only. It does not constitute tax advice and should not be relied upon as such.

The summary has only dealt with Australian residents who are individuals, complying superannuation funds and companies that will hold their Units on capital account. The summary has not addressed the tax treatment for non-residents or Australian residents who will hold their Units on revenue account, or as trading stock, such as banks and other trading entities.

All Unitholders should seek independent professional advice on the consequences of their subscription for Units, based on their particular circumstances.

This summary is based on the provisions of the Income Tax Assessment Act 1936, the Income Tax Assessment Act 1997, the A New Tax System (Goods and Services Tax) Act 1999 and related Acts, regulations and Australian Taxation Office rulings and determinations applicable as at the date of this PDS.

### 2 Status of the Fund as an attribution managed investment trust

The Responsible Entity intends to elect into the Attribution Managed Investment Trust ('AMIT') regime. This summary is based on the Fund applying and continuing to be eligible to apply the AMIT regime.

### 3 Taxation of the Fund

As an AMIT, the Fund will be required to determine its 'determined trust components' each income year, which broadly reflect the income of the Fund split into various classes of income for tax purposes (i.e. assessable income, exempt income, non-assessable non-exempt income and tax offsets). The Fund should generally not be liable to Australian income tax, including capital gains tax ('CGT'), provided the Fund attributes (in full) the 'determined trust components' to Unitholders in each income year on a fair and reasonable basis, which is reflected in the Fund's latest AMIT Member Annual Statement ('AMMA Statement') for the member for the income year (known as 'determined member components').

## 4 Taxation of Unitholders

### 4.1 Overview

Unitholders will be required to include in their assessable income the 'determined member components' of a character relating to assessable income attributed from the Fund as stated on their AMMA Statement. The 'determined member components' of a character relating to assessable income will be included in Unitholders' assessable income in the year to which the attribution relates, regardless of whether a distribution is received after the end of an income year or if distributions are reinvested.

### 4.2 Application of the Controlled Foreign Company ('CFC') rules

The Fund's investment in the Underlying Fund should not be subject to the CFC rules.

### 4.3 Income of the Fund

The Fund's income will generally consist of deemed dividends arising from the redemption of the Fund's investment in the Underlying Fund.

The cost base and reduced cost base of Units held by the Unitholder will be increased where the distribution and any tax offsets received is less than the 'determined member components' of a character relating to assessable income, non-assessable non-exempt income or capital gains (AMIT net increase amount). The cost base and reduced cost base of Units held by the Unitholder will be decreased where the distribution and any tax offsets received is more than the 'determined member components' of a character relating to assessable income, non-assessable non-exempt income or capital gains (AMIT net decrease amount). If the cost base of Units is reduced to nil, any AMIT net decrease amount will give rise to an immediate capital gain to the Unitholder. If the reduced cost base of Units is reduced to nil, any AMIT net increase amount will not give rise to a capital loss.

In calculating the capital gain, the cost base adjustments relating to all distributions during an income year are aggregated and the capital gain is taken to arise on the last day of the income year. Certain Unitholders (trusts, individuals and complying superannuation funds) may be eligible for the CGT discount in respect of such capital gains. However, any such capital gain will not be entitled to the benefit of the CGT discount in the first 12 months after the acquisition of Units.

## 5 Withdrawal of Units

Generally, on the withdrawal of Units, a CGT event will occur and the Unitholder will need to determine whether a capital gain or capital loss is realised on the withdrawal.

A Unitholder will make a capital gain if the capital proceeds received exceeds the cost base of the Unit.

In broad terms, the cost base of a Unit is the amount the Unitholder paid for it (including incidental costs of acquisition and disposal) adjusted for AMIT net increase amounts or AMIT net decrease amounts (see section 4.3 above).

The proceeds for the purposes of calculating the capital gain (but not a capital loss) should be reduced by the amount of the 'determined member component' of a character relating to assessable income which forms part of the Withdrawal Price. The 'determined member component' of a character relating to assessable income of the Withdrawal Price will be advised by the Responsible Entity in the AMMA Statement and will form part of the Unitholder's assessable income (see section 4.1 above).

If a capital gain arises, the capital gain may be eligible for the CGT discount. If the Unitholder is an individual, a complying superannuation fund or a trustee and acquired (or is taken to have acquired) for CGT purposes Units at least 12 months prior to the date of the withdrawal of their Units, the amount of the Unitholder's capital gain is reduced by the relevant CGT discount.

For a Unitholder who is an individual or trustee who applies the CGT discount, the Unitholder's taxable capital gain (after offsetting any current year capital losses or carry forward net capital losses from previous years) will be reduced by one-half (or one third if the Unitholder is a complying superannuation fund).

If the Unitholder is a company, the CGT discount is not available.

If the capital proceeds received is less than the reduced cost base of the Units, a capital loss will arise. Capital losses can only be offset against capital gains (before any available CGT discount) derived by a Unitholder in the same income year or subsequent income years.

## 6 Sale of Units

If a Unitholder sells their Units, they will make:

- a capital gain to the extent that their disposal proceeds from sale exceeds their cost base for the Units; or
- a capital loss to the extent that their reduced cost base for the Units exceeds their capital proceeds.

The discussion in section 5 above applies equally in relation to the Unitholders' cost base, application of the CGT discount and application of capital losses.

## 7 Goods and Services Tax ('GST')

No GST should generally be payable in respect of the acquisition, withdrawal or sale of Units. As these all involve dealings with securities, the various supplies will be input taxed (i.e. not subject to GST).

There may be an indirect GST cost as input tax credits will generally not be available for GST charged to the acquirer in respect of supplies relating to the dealings with the Units (i.e. legal and other adviser fees).

## 8 Taxation of Financial Arrangements

The Taxation of Financial Arrangements ('TOFA') regime in Division 230 generally applies to "financial arrangements". The TOFA regime should not apply to the Units held by a Unitholder unless the Unitholder is otherwise subject to TOFA and makes a fair value election or financial reports election (such Unitholders should seek tax advice that is specific to their circumstances).

## 9 Other issues

Unitholders will be invited to provide their Tax File Number ('TFN') or Australian Business Number ('ABN') when they acquire their Units. Unitholders may provide their TFN or ABN or details of their exemption to the Responsible Entity.

In this regard, Unitholders will be provided with forms that the Unitholder can use to provide their TFN or ABN or details of their exemption. Unitholders are not obliged to provide their TFN or ABN or details of their exemption. However, if a Unitholder does not provide their TFN or ABN or details of their exemption, the Responsible Entity will be required to deduct tax from distributions paid to the Unitholder at the highest marginal rate of tax plus the Medicare Levy (currently 47%). However, Unitholders will be entitled to claim an income tax credit/refund (as applicable) in respect of the tax withheld in their income tax returns.

## GLOSSARY AND DEFINITIONS

### Glossary of investment terms

Contracts for difference	A contract between two parties speculating on the movement of an asset price. The contract payout will amount to the difference in the price of the asset between the time the contract is opened and the time it is closed.
Convertible bonds	A corporate bond that can be exchanged for a specific number of shares of a company's stock.
Correlation	A measure of how two assets move in relation to each other. Correlation figures range from +1 to -1. Positive correlation means that as one asset moves, either up or down, the other asset tends to move in the same direction. A correlation of +1 means that two securities will move in exactly the same way. Negative correlation means that as one asset moves, either up or down, the other asset tends to move in the opposite direction. A correlation of -1 means that two securities will move in exactly the opposite way. Zero or low correlation means that the two assets will move in directions irrespective of each other.
Derivative	A financial instrument, the price of which is dependent upon one or more underlying assets. Derivatives include futures, forward contracts, contracts for difference, options and swaps. Derivatives can be exchanged traded or non-exchanged traded (known as "over-the-counter" or "OTC").
Diversification	Spreading your investments across a range of uncorrelated assets. Diversification has been shown to improve the risk-adjusted performance of a portfolio.
Emerging markets	A generic term used to describe the financial market of a developing country, usually a country whose political and economic infrastructure is yet to fully mature. There is no single, accepted list of countries that are considered to be "emerging markets".
Forward contract	An agreement between two parties to buy or sell a particular asset on a specified future date at an agreed price.
Future	An agreement between two parties to buy or sell a particular asset on a specified future date at an agreed price. Futures contracts are traded on liquid and regulated investment exchanges around the world.
Hedging	Investment in an asset to offset or reduce the overall risk of a portfolio.
Leverage	Leverage is the use of financial products (such as derivatives) or debt to amplify the exposure of capital to an investment. Leverage can be applied by the investment manager or can be "embedded" in an asset selected by the investment manager.
Market neutral	An investment strategy that seeks to profit from both increasing and decreasing prices in numerous investments whilst seeking to minimise the systematic risk of the market.
Option	A derivative that gives the holder the right, but not the obligation, to buy (call) or sell (put) a security or asset at a fixed price within a specified period or at a particular future date.
Short selling or "shorting"	The selling of securities or financial instruments that are not currently owned, with the intention of subsequently repurchasing them at a lower price.
Swaps	An agreement between two parties to exchange a series of future cash flows.
Volatility	A measure of an asset's degree of fluctuation of returns around its historical average performance. The higher the volatility, the higher the degree of fluctuation in returns. Assets that have higher volatility are commonly considered to be riskier in nature. For example, an asset with a volatility of 15% will, all other things being equal, commonly be considered to be riskier than an asset with a volatility of 10%.

# Application form

## Man Diversified Alternatives (the 'Fund')

Please use this form if you are a new investor and wish to invest in this Fund by making an initial application.

Indirect investors should contact their IDPS operator for instructions on how to apply.

**Anti-Money Laundering/Counter-terrorism financing requirements**

Applicants should note that unless all relevant sections of the Application Form are completed and copies of identification documents certified in original ink are provided and are in order, your application may be deemed incomplete.

Therefore, Units will not be issued and you may not become a Unitholder. Further, the Responsible Entity will retain your application moneys in a non-interest bearing trust account until such time as a completed Application Form and all necessary identification documents certified in original ink have been received and approved.

**1. Read and ensure you understand the product disclosure statement (PDS).**

The PDS is available at [www.man.com](http://www.man.com) or from your financial adviser. We will provide on request and without charge a paper or electronic copy of the current PDS and its incorporated documents.

## 11. Privacy

By signing this form, you acknowledge and agree that your personal information may be handled by the Responsible Entity including its service providers in the manner set out below.

Your completed form will provide personal information about you to the Responsible Entity and the Administrator. The Responsible Entity collects your personal information to process and administer your investment in the Fund and to provide you with information about your investment in the fund. Some of the information collected is required by the Anti-Money Laundering and Counter-Terrorism Financing Laws.

The Responsible Entity may disclose your personal information for purposes related to your investment and publication of Unitholder's reports, to the Responsible Entity's agents and service providers including the Investment Manager, Custodian, Administrator and other Man Group entities. In order to use and disclose your personal information for the purposes stated above, the Responsible Entity

may be required to transfer your personal information to entities located outside Australia where it may not receive the level of protection afforded under Australian law. The Responsible Entity will disclose your personal information to Man Group head office in the UK and Man Investments AG in Switzerland for Anti-Money Laundering and Counter-Terrorism Financing purposes. By signing this form you consent to your personal information being transferred overseas for these purposes.

Man Investments Australia's privacy policy contains further information about Man Investments Australia's privacy practices, including your rights to access and correct your personal information, and to make a complaint regarding our use, holding or disclosure of your personal information and how Man Investments Australia will deal with such a complaint. You can obtain a copy of the privacy policy free of charge by contacting Man Investments Australia or from [www.man.com](http://www.man.com).

## 12. Declarations and acknowledgments

By signing this Application Form you acknowledge and confirm that:

- before completing this Application Form you have read and understood the PDS which contains important information about investing in the Fund;
- neither Man Investments Australia nor any other member of Man Group guarantees or in any way stands behind the capital value or the performance of the Fund;
- any person who gives another person access to this Application Form must at the same time and by the same means give the other person access to the whole PDS and any supplementary document;
- you are not a person(s) to whom it would not be lawful to make an offer of Units in the Fund;
- you agree to be responsible for promptly taking such action, including providing and timely updating information (which

may include, among other things, the identities of your direct and indirect US beneficial owners), that the Fund, the Investment Manager or the Responsible Entity, in its sole discretion, reasonably determines is necessary for the Fund to provide to the Australian Taxation Office.

- monies deposited are not associated with crime, terrorism, money laundering or terrorism financing, nor will monies received from your account have any such association
- you are not bankrupt or a minor
- you agree to be bound by the constitution of the Fund and the PDS as updated, supplemented, replaced or re-issued from time to time, and
- you consent to the handling of your personal information in accordance with the Privacy Act 1988 and relevant privacy policies.

## Tax information form

Please complete all sections in BLOCK letters, using a black pen. If you make an error while completing this form, do not use correction fluid. Cross out your mistakes and initial your changes.

### Why you need to complete this form

Tax authorities require us to collect and report certain information about our account holders' tax residency status. To enable us to comply with its obligation to report to the relevant tax authorities, you are required to state the residency for tax purposes of the person or persons identified as the holder(s) of a Financial Account. On this form these persons are cumulatively referred to as the 'Account Holder(s)'. For joint accounts, each account holder should complete a separate certification.

If you are unsure of any of the answers, please contact a legal or accounting professional.

### What if more than one person is applying?

Each individual investor will need to complete a copy of this form.

**HELP****Who is a Controlling Persons?**

The natural persons who exercise control over an Entity. In the case of a trust, such term means the settlor(s), the trustee(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, and any other natural person(s) exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term 'Controlling Persons' must be interpreted in a manner consistent with the Financial Action Task Force Recommendations (See FATF Recommendation 10 – Customer Due Diligence).

If the Account Holder has additional Controlling Persons, provide multiple Controlling Persons attachments.

**NFE CATEGORIES****NFEs**

An NFE means any entity that is not a financial institution. An NFE may be an **Active NFE** or a **Passive NFE**.

**Active NFEs**

**Active NFEs by Reason of Income and Assets** Less than 50% of the NFE's gross income for the preceding calendar year or other appropriate reporting period is passive income and less than 50% of the assets held by the NFE during the preceding calendar year or other appropriate reporting period are assets that produce or are held for the production of passive income.

**A Corporation the Stock of which is Regularly Traded on an Established Securities Market (or entity related to such a corporation)**

The stock of the NFE is regularly traded on an established securities market or the NFE is a Related Entity of an Entity the stock of which is regularly traded on an established securities market.

**Regularly Traded**

Meaningful volume of trading with respect to the stock on an on-going basis.

**Established Securities Market**

An exchange that is officially recognised and supervised by a governmental authority in which the market is located and that has a meaningful annual value of shares traded on the exchange.

**Related Entity**

An Entity is a 'Related Entity' of another Entity if either Entity controls the other Entity, or the two Entities are under common control. For this purpose control includes direct or indirect ownership of more than 50% of the vote and value in an Entity.

**Governmental Entity**

The government of a jurisdiction, any political subdivision of a jurisdiction (including a state, province, county, or municipality), or any wholly owned agency or instrumentality of a jurisdiction or of any one or more of the foregoing.

**International Organisation**

Any international organisation or wholly owned agency or instrumentality thereof. This category includes any intergovernmental organisation (including a supranational organisation) (1) that is comprised primarily of governments; (2) that has in effect a headquarters or substantially similar agreement with the jurisdiction; and (3) the income of which does not inure to the benefit of private persons.

**Central Bank**

An institution that is by law or government sanction the principal authority, other than the government of the jurisdiction itself, issuing instruments intended to circulate as currency. Such an institution may include an instrumentality that is separate from the government of the jurisdiction, whether or not owned in whole or in part by the jurisdiction.

**Holding NFEs that are Members of a Nonfinancial Group**

Substantially all of the activities of the NFE consist of holding (in whole or in part) the outstanding stock of, or providing financing and services to, one or more subsidiaries that engage in trades or businesses other than the business of a Financial Institution, except that an Entity does not qualify for this status if the Entity functions (or holds itself out) as an investment fund, such as a private equity fund, venture capital fund, leveraged buyout fund, or any investment vehicle whose purpose is to acquire or fund companies and then hold interests in those companies as capital assets for investment purposes.

**A Start-up Company formed in the past 24 months**

The NFE is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a Financial Institution, provided that the NFE does not qualify for this exception after the date that is 24 months after the date of the initial organisation of the NFE.

**NFE Liquidating or Emerging from Bankruptcy**

The NFE was not a Financial Institution in the past five years, and is in the process of liquidating its assets or is reorganising with the intent to continue or recommence operations in a business other than that of a Financial Institution.

**Treasury Centers that are Members of a Nonfinancial Group**

The NFE primarily engages in financing and hedging transactions with, or for, Related Entities that are not Financial Institutions, and does not provide financing or hedging services to any Entity that is not a Related Entity, provided that the group of any such Related Entities is primarily engaged in a business other than that of a Financial Institution.

## Non-Profit NFE

An NFE that meets the following criteria:

- i. it is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare;
- ii. it is exempt from income tax in its jurisdiction of residence;
- iii. it has no shareholders or members who have a proprietary or beneficial interest in its income or assets;
- iv. the applicable laws of the NFE's jurisdiction of residence or the NFE's formation documents do not permit any income or assets of the NFE to be distributed to, or applied for the benefit of, a private person or non-charitable Entity other than pursuant to the conduct of the NFE's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the fair market value of property which the NFE has purchased; and
- v. the applicable laws of the NFE's jurisdiction of residence or the NFE's formation documents require that, upon the NFE's liquidation or dissolution, all of its assets be distributed to a Governmental Entity or other non-profit organisation, or escheat to the government of the NFE's jurisdiction of residence or any political subdivision.

## Passive NFE

For purpose of completing this certification, a Passive NFE means any NFE that is not an Active NFE.

### Entity Managed by Another Financial Institution

An Entity is 'managed by' another Entity if the managing Entity performs, either directly or through another service provider on behalf of the managed Entity, any of the following activities or operations: trading in money market instruments; foreign exchange; exchange, interest rate and index instruments; transferrable securities; or commodity futures trading.

An Entity only manages another Entity if it has discretionary authority to manage the other Entity's assets (either in whole or part). Where an Entity is managed by a mix of Financial Institutions, NFEs or individuals, the Entity is considered to be managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or an Investment Entity that performs the above trading functions, if any of the managing Entities is such an Entity.

### Participating CRS Jurisdiction

A jurisdiction with which an agreement is in place pursuant to which it will provide the information set out in the CRS.

A list of all participating jurisdictions can be found at: [www.oecd.org/tax/transparency/AEOI-commitments.pdf](http://www.oecd.org/tax/transparency/AEOI-commitments.pdf)

### Global Intermediary Identification Number (GIIN)

The term GIIN or Global Intermediary Identification Number means the identification number that is assigned to a participating FFI or registered deemed-compliant FFI. The term GIIN or Global Intermediary Identification Number also includes the identification number assigned to a reporting Model 1 FFI for purposes of identifying such entity to withholding agents. All GIINs will appear on the IRS FFI list.

**FATCA STATUS – FINANCIAL INSTITUTION****Participating FFI**

An FFI that has agreed to comply with the requirements of an FFI agreement, including an FFI described in a Model 2 IGA that has agreed to comply with the requirements of an FFI agreement. The term PFFI also includes a QI branch of a U.S. financial institution, unless such branch is a Reporting Model 1 FFI.

**Local/Partner Jurisdiction FFI**

An FFI located in a jurisdiction that has in effect an agreement with the United States to facilitate the implementation of FATCA. A list of all participating jurisdictions can be found at: [www.treasury.gov/resource-center/tax-policy/treaties/Pages/FATCA-Archive.aspx](http://www.treasury.gov/resource-center/tax-policy/treaties/Pages/FATCA-Archive.aspx)

**Trustee-Documented Trust**

A trust established under the laws of the local jurisdiction to the extent that the trustee of the trust is a Reporting U.S. Financial Institution, Reporting Model 1 FFI, or Participating FFI and reports all information required to be reported pursuant to the Agreement with respect to all U.S. Reportable Accounts of the trust.

**Registered Deemed-Compliant FFI**

An FFI that registers with the IRS to declare its status. Includes certain local FFIs, non-reporting members of participating FFI groups, qualified collective investment vehicles, restricted funds, qualified credit card issuers and servicers, and sponsored investment entities and controlled foreign corporations.

**Other Deemed-Compliant FFI**

Deemed-compliant FFIs also include the following: Non-Registering Local Bank, FFI with Only Low Value Accounts, Sponsored Closely-Held Investment Vehicle, Limited Life Debt Investment Entity, and any other FFI treated as a deemed-compliant FFI under an applicable IGA (except for a registered deemed-compliant FFI).

**Nonparticipating FFI**

An FFI other than a participating FFI, a deemed-compliant FFI, or an exempt beneficial owner.

**Exempt Beneficial Owner**

An entity in one of the following categories:

**Governmental Entity**

The government of a jurisdiction, any political subdivision of a jurisdiction (including a state, province, county, or municipality), or any wholly owned agency or instrumentality of a jurisdiction or of any one or more of the foregoing.

**International Organisation**

Any international organisation or wholly owned agency or instrumentality thereof. This category includes any intergovernmental organization (including a supranational organisation) (1) that is comprised primarily of governments; (2) that has in effect a headquarters or substantially similar agreement with the jurisdiction; and (3) the income of which does not inure to the benefit of private persons.

**Central Bank**

An institution that is by law or government sanction the principal authority, other than the government of the jurisdiction itself, issuing instruments intended to circulate as currency. Such an institution may include an instrumentality that is separate from the government of the jurisdiction, whether or not owned in whole or in part by the jurisdiction.

**Exempt Retirement Fund**

A retirement fund that meets one of the following categories under the applicable IGA: Treaty-Qualified Retirement Fund, Broad Participation Retirement Fund, Narrow Participation Retirement Fund, Pension Fund of an Exempt Beneficial Owner, or Investment Entity Wholly Owned by Exempt Beneficial Owners.

**Investment Entity Wholly**

An Entity that is a Financial Institution solely because it is an Investment Entity, provided that each direct holder of an Equity Interest.

**Owned by Exempt BOs**

in the Entity is an exempt beneficial owner, and each direct holder of a debt interest in such Entity is either a Depository Institution (with respect to a loan made to such Entity) or an exempt beneficial owner.

**Direct Reporting NFFE**

A direct reporting NFFE is a passive NFFE that elects to report certain information about its direct or indirect substantial U.S. owners directly to the IRS on Form 8966 in lieu of providing such information to the financial institutions at which the NFFE holds an account. Direct reporting NFFEs will be required to register with the IRS to obtain a GIIN and agree to report the information about its substantial U.S. owners directly to the IRS. A direct reporting NFFE will not be treated as a participating FFI or be required to enter into an FFI agreement; it will be treated as an excepted NFFE.

**Sponsored Direct Reporting NFFE**

An entity to serving as a 'sponsor' for one or more direct reporting NFFEs, which will require the sponsoring entity to report information about a sponsored direct reporting NFFE's direct or indirect substantial U.S. owners directly to the IRS on a Form 8966.

**FATCA STATUS – NFFE****NFFEs**

An NFFE means any entity that is not a financial institution. An NFFE may be an Active NFFE or a Passive NFFE.

**Active NFFEs****Active NFFEs by Reason of Income and Assets**

Less than 50% of the NFFE's gross income for the preceding calendar year or other appropriate reporting period is passive income and less than 50% of the assets held by the NFFE during the preceding calendar year or other appropriate reporting period are assets that produce or are held for the production of passive income.

**A Corporation the Stock of which is Regularly Traded on an Established Securities Market (or entity related to such a corporation)**

The stock of the NFFE is regularly traded on an established securities market or the NFFE is a Related Entity of an Entity the stock of which is regularly traded on an established securities market.

**Regularly Traded**

Meaningful volume of trading with respect to the stock on an on-going basis.

**Established Securities Market**

An exchange that is officially recognised and supervised by a governmental authority in which the market is located and that has a meaningful annual value of shares traded on the exchange.

**Related Entity**

An Entity is a 'Related Entity' of another Entity if either Entity controls the other Entity, or the two Entities are under common control. For this purpose control includes direct or indirect ownership of more than 50% of the vote and value in an Entity.

**Excepted Territory NFFE**

The NFFE is organized in a U.S. Territory and all of the owners of the payee are bona fide residents of that U.S. Territory.

**Governmental Entity**

The NFFE is a government (other than the U.S. government), a political subdivision of such government (which, for the avoidance of doubt, includes a state, province, county, or municipality), or a public body performing a function of such government or a political subdivision thereof, a government of a U.S. Territory, an international organization, a non-U.S. central bank of issue, or an Entity wholly owned by one or more of the foregoing.

**Holding NFFEs that are Members of a Nonfinancial Group**

Substantially all of the activities of the NFFE consist of holding (in whole or in part) the outstanding stock of, or providing financing and services to, one or more subsidiaries that engage in trades or businesses other than the business of a Financial Institution, except that an Entity does not qualify for this status if the Entity functions (or holds itself out) as an investment fund, such as a private equity fund, venture capital fund, leveraged buyout fund, or any investment vehicle whose purpose is to acquire or fund companies and then hold interests in those companies as capital assets for investment purposes.

**A Start-up Company formed in the past 24 months**

The NFFE is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a Financial Institution, provided that the NFFE does not qualify for this exception after the date that is 24 months after the date of the initial organisation of the NFFE.

**NFFE Liquidating or Emerging from Bankruptcy** The NFFE was not a Financial Institution in the past five years, and is in the process of liquidating its assets or is reorganising with the intent to continue or recommence operations in a business other than that of a Financial Institution.

**Treasury Centers that are Members of a Nonfinancial Group**

The NFFE primarily engages in financing and hedging transactions with, or for, Related Entities that are not Financial Institutions, and does not provide financing or hedging services to any Entity that is not a Related Entity, provided that the group of any such Related Entities is primarily engaged in a business other than that of a Financial Institution.

**Non-Profit NFFE**

An NFFE that meets the following criteria:

- i. it is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare;
- ii. it is exempt from income tax in its jurisdiction of residence;
- iii. it has no shareholders or members who have a proprietary or beneficial interest in its income or assets;
- iv. the applicable laws of the NFFE's jurisdiction of residence or the NFFE's formation documents do not permit any income or assets of the NFFE to be distributed to, or applied for the benefit of, a private person or non-charitable Entity other than pursuant to the conduct of the NFFE's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the fair market value of property which the NFFE has purchased; and
- v. the applicable laws of the NFFE's jurisdiction of residence or the NFFE's formation documents require that, upon the NFFE's liquidation or dissolution, all of its assets be distributed to a Governmental Entity or other non-profit organisation, or escheat to the government of the NFFE's jurisdiction of residence or any political subdivision.

**Passive NFFE**

For purpose of completing this certification, a Passive NFFE means any NFFE that is not an Active NFFE.
